        - It's a good time to join because this membership will carry into Jan of 2013. You can rejoin at that point in which your membership will STILL only be $35 dollars thru 2014 where you'll be practicing and it should be more expensive by then.
    - If you joined before – (i.e. June 2012)…its best to just re-up your membership NOW so that you get the benefit for later.
        - Dues will be coming up again for this fiscal year, so its to your advantage to go ahead and pay your dues.
