

Leaving from the entrance of the hospital:

1. Turn left onto Medical Center Blvd.
2. Turn right at stoplight onto Hawthorne Rd.
3. Turn left at the fifth stoplight onto Bolton St. (the name of the road changes from Bolton St. to Burk Mill Rd. after you go across Interstate I-40).
4. After passing a residential area, you will go through a curve. When you see the stoplight it will be Kimel Park Drive. Turn right.
5. The HLA lab is in building number 145 at the very end of the road on the right- veer right into the loop at the end of the road and our driveway is on the right.
6. The drop box is located on the left side of the building to be used only if it is after 5 pm.
7. It is imperative that you either contact the lab at 336-716-4456 (or the on-call technologist if it is after-hours) to notify us that you have placed samples in the box as we have no way of knowing otherwise.
