

A Word from our Director

On behalf of the providers and staff of the Downtown Health Plaza, I am happy to welcome you to what we hope will be a close relationship in your healing experience. The Downtown Health Plaza is an outpatient clinic that serves Winston-Salem and the greater Forsyth County community. For over a decade, our mission has been to provide quality and compassionate care to all we serve.

Our doctors and other health care providers believe in total health. Through encouragement and innovative medical treatments, we assist our patients in seizing ownership of their well-being to attain optimal health.

Thank you for your interest in our clinic and our mission. Together, we can help you get well and stay healthy.

When You Are Well

At DHP, we not only help you feel better, but we also provide

- Chronic Disease Management
- Preventative & Diagnostic Services
- Prescription Assistance
- Referral to specialists
- Support & Information

When You Are Sick

DHP provides diagnostic and treatment services at low cost. Our medical specialists are well-trained in their specialty to provide top quality care to you. Since we are an academic outpatient clinic, we have access to the latest, cutting-edge technology to assist you on your journey to wellness.

And if you need hospitalization, we can arrange a smooth transition to the nearest emergency room.

NOTE: If you think your health or your life is in immediate danger, call 911 immediately.
