

Center on Diabetes, Obesity and Metabolism Seminar Series Presents:

Does Pregnancy Associated Plasma Protein-A Play a Role in Diabetic Nephropathy?

Diane Donegan, MD

Fellow and Clinical Investigator, Department of Endocrinology, Mayo Clinic

Dr. Donegan is a Fellow and Clinical Investigator in the Department of Endocrinology at the Mayo Clinic. She completed her medical residency in Ireland, but moved to Minnesota for greater opportunities and better weather! She will complete her fellowship and master's program in Clinical and Translational Science at the Mayo Clinic next year. Dr. Donegan has collaborated in several research projects, including pancreatic neuroendocrine tumors, pituitary adenomas and PAPP-a driven pathologies.

Monday, September 19, 2016

4:00 – 5:00 p.m.

Comprehensive Cancer Center, 9th floor, Room 9A
