

Center on Diabetes, Obesity and Metabolism Seminar Series Presents:

Metabolically Healthy Obesity: Resilience or Just a Matter of Time?

Morgana Mongraw-Chaffin **Assistant Professor, Epidemiology**

Dr. Mongraw-Chaffin is an epidemiologist whose primary research focuses on sex differences in the etiology and prevention of obesity and cardiometabolic disease. Her complementary projects investigate how women's reproductive and pregnancy factors affect their lifetime risk for cardiovascular disease.

Monday, September 18, 2017

4:00 – 5:00 p.m.

Comprehensive Cancer Center, 10th floor, Room 10B
