

***Women Faculty
Promotions, Tenure
and Achievements
2015-2016***

Realizing *W*omen's Full Potential

November 2016

As Director of the Office of Women in Medicine and Science (OWIMS), I want to congratulate the women faculty listed within this booklet for their recent achievement(s).

The School of Medicine Achievement Social began twelve years ago to document and highlight the many achievements of our women faculty.

Please join me in celebrating the recent promotions, honors, awards, and outstanding achievements of the women faculty of Wake Forest school of Medicine.

Carol A. Shively, Ph.D., Director
Office of Women in Medicine and Science

2015-2016 Women Faculty Promotions & Tenure

Instructor to Assistant Professor

Shannon Hanson, PhD, Pediatrics
Dionne Holmes, MD, Internal Medicine, General Internal Medicine
Sobia Hussaini, MHA, Physician Assistant Studies
Jennifer Jordan, PhD, MS, Internal Medicine, Cardiovascular Medicine
Tricia Lucin, MD, Pediatrics
Sarah Maloney, MS, PA-C, Physician Assistant Studies
Giselle Melendez-Zapata, MD, Internal Medicine, Cardiovascular Medicine
Laura Sudano, PhD, Family and Community Medicine
Ashley Talbot, MD, MS, Anesthesiology

Assistant Professor to Associate Professor

Modupeola Akinola, MD, Pediatrics
Meggan Goodpasture, MD, Pediatrics
Bettina Gyr, MD, Orthopaedic Surgery
Anna Miller, MD, Orthopaedic Surgery
Mercedes Porosnicu, MD, Internal Medicine, Hematology & Oncology
Aarti Sarwal, MD, Neurology
Bharathi Upadhy, MD, Internal Medicine, Cardiovascular Medicine
Stacey Wolfe, MD, FAANS, Neurological Surgery

Associate Professor to Professor

Fang-Chi Hsu, PhD, Biostatistical Sciences, Division of Public Health Sciences (with Tenure)
Elizabeth L. Palavecino, MD, Pathology (with Tenure)
Evelyn Anthony, MD, Radiology
Susan Melin, MD, Internal Medicine, Hematology & Oncology
Carolyn Pedley, MD, Internal Medicine, General Internal Medicine
Maria Sam, MD, Neurology

Tenure Granted

Nicholette Allred, PhD, Biochemistry
Karen Haas, PhD, Microbiology and Immunology
Kylie Kavanagh, BSc, VMS, MVS, MPH, Pathology, Section Comparative Medicine
Nicole Levi-Polyachenko, PhD, Plastic and Reconstructive Surgery

Other Promotions and Appointments

Annette Johnson, MD, Radiology, appointed Interim Chair of Radiology

Katherine Poehling, MD, MPH, Pediatrics, appointed Interim Chair of the Department of Pediatrics (appointed Chair effective October 2016), and appointed Co-Executive Director of the Pediatric Service Line

Carol Shively, PhD, Pathology, Section on Comparative Medicine, appointed Director for the Office of Women in Medicine and Science (OWIMS Kaycee Sink, MD, Internal Medicine, Gerontology & Geriatric Medicine, appointed Interim Section Chief)

Graduates of OWIMS Training Programs 2015-2016

OWIMS Early Career Development Program for Women Training Program Graduates 2016

Rhonda Bitting, MD, Internal Medicine, Hematology & Oncology
Tina Boyer, PhD, German and Russian, WFU
Amber Brooks, MD, Anesthesiology
Kelly Brozzetti Cronin, MD, Radiology
Kerry Danelson, PhD, Orthopaedic Surgery
Martina Downard, MD, Anesthesiology
Nada El Husseini, MD, MHSc, Neurology
Karen Green, MD, Psychiatry & Behavioral Medicine
Shannon Hanson, PhD, MPH, Pediatrics
Christina Hugenschmidt, PhD, Internal Medicine, Gerontology & Geriatric Medicine
Sobia Hussaini, MHA, Physician Assistant Studies
Kristin Lindaman, MMS, PA-C, Physician Assistant Studies
Kristen Quinn, MD, MS, Obstetrics & Gynecology
Ellie Rahbar, PhD, Biomedical Engineering
Bonnie Sachs, PhD, Neurology
Leah Sieren, PhD, General Surgery
Kimberly Stogner-Underwood, MD, Pathology
Lauren Strauss, DO, Neurology
Lindsay Strowd, MD, Dermatology
Bharathi Upadhya, MD, Dermatology
Gabriela Velazquez-Ramirez, MD, Vascular and Endovascular Surgery

OWIMS Career Development for Women Leaders Training Program Graduates 2015-2016

Susan Andreatta, PhD, Anthropology, UNCG
Laura Baker, PhD, Gerontology & Geriatric Medicine
Christina Bellinger, MD, Pulmonary, Critical Care, Allergy & Immunology
Jane Boggs, MD, Neurology
Shelly Brown-Jeffy, PhD, Sociology, UNCG College of Arts & Sciences
Heidi Carlone, PhD, UNCG School of Education, UNCG
Kathy Carstens, BSN, RN, BC, Student Health Services, WFU
Nancy Denizard-Thompson, MD, General Internal Medicine
Jennifer Erway, PhD, MA, Mathematics, WFU
Jennifer Houlihan, MSP, Strategic Network Development
Lisa Marshall, Development & Alumni Affairs
Janie McDaniel, MS, MLS(ASCP)SC, Physician Assistant Studies
Megan Mulder, MLIS, Z. Smith Reynolds Library
Linda Nicolotti, PhD, Pediatrics
Leslie Poole, PhD, Biochemistry
Anita Saran, MD, Nephrology
Alisa Starbuck, MSN, RN, NNP-BC, NEA-BC, WFBMC
Amy Wallis, PhD, SPHR, WFU School of Business

Women Faculty Achievements 2015-2016

Martha Alexander-Miller, PhD, Department of Microbiology & Immunology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Pilot Study To Establish A Delayed-Type Hypersensitivity (DTH) Model In The Cynomolgus Monkey*, funded by Celgene Corp.
 - *Regulation of Avidity in T Lymphocytes*, funded by the Department of Health and Human Services
 - *Training Program in Immunology and Pathogenesis*, funded by the National Institute of Allergy & Infectious Diseases
 - *Development of Biomarkers of Tobacco Effect and Assessment of Relative Risk*, funded by R.J. Reynolds Tobacco Company

Angela Alistar, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Phase 3, Multicenter, Open-Label, Randomized Study of nab-Paclitaxel Plus Gemcitabine Versus Gemcitabine Alone as Adjuvant Therapy In Subjects With Surgically Resected Pancreatic Adenocarcinoma*, funded by Celgene Corp.
 - *A Randomized, Double-Blind, Placebo-Controlled Phase II Trial to Evaluate the Efficacy of Supportive Therapy with Ginseng for Patients on Treatment with Regorafenib: HCRN GI14-191*, funded by Hoosier Cancer Research Network, Inc.
 - *Randomized, Double-Blind, Placebo-Controlled, Phase 3 Study of Ramucirumab and Best Supportive Care (BSC) Versus Placebo and BSC as*, funded by Lilly USA, LLC
 - *CCWFU 57213 - A Phase III Study of FOLFIRINOX With or Without HyperAcute-Pancreas (algenpantucel-L) Immunotherapy in Subjects with Borderline Resectable or Locally Advanced Unresectable Pancreatic Cancer (NewLink Genetics Protocol 0505)*, funded by NewLink Genetics Corporation
 - *A Randomized, Double-Blind, Phase 3 Study Of The JAK1/2 Inhibitor, Ruxolitinib or Placebo in Combination With Capoecitabine*, funded by Quintiles, Inc.
 - *Phase II Single Arm Study of Everolimus and Pasireotide (SOM230) in Patients with Advanced or Metastatic Hepatocellular Carcinoma (HCC)*, funded by the University of North Carolina

Elizabeth Alli, PhD, Department of Cancer Biology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Targeting Defective DNA Repair for the Prevention of BRCA1-Associated Cancers*, funded by the Department of Health & Human Services

Nicholette Allred, PhD, Department of Biochemistry

- Principal Investigator on Projects Funded in FY2015-2016
 - *Genotype SLC16Aaa F63fs*3 frameshift variant*, funded by Merk Sharp & Dohme Corp.
 - *Identification and Functional Impact of NAFLD Associated Genetic Variants*, funded by a subcontract from the University of Michigan
 - *Identification and Functional Impact of NAFLD Associated Genetic Variants (GOLD Functional)*, funded by a subcontract from the University of Michigan

Graça Almeida-Porada, MD, PhD, Wake Forest Institute for Regenerative Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *17th Annual Conference of the North Carolina Tissue Engineering and Regenerative Medicine Society*, funded by North Carolina Biotechnology Center
 - *Hyaluronic Acid Based Nanoparticles for Targeted Image-Guided Tumor Surgery*, funded by a subcontract from The University of Nebraska Medical Center

Susan Appt, DVM, Department of Pathology, Section of Comparative Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Development of DT-110 as an Oral Therapeutic for Type 2 Diabetes*, funded by a subcontract from Diapin Therapeutics, LLC
 - *Postmenopausal Monkey Resource*, funded by a subcontract from the Oregon Health & Sciences University
 - *EEG Telemetry Implant Training*, funded by Data Sciences International
 - *In Vivo Evaluation Of Glucose Control Software In The Swine*, funded by Ideal Medical Technologies
 - *A Pilot Study to Assess Wound Creation and Healing in the Swine*, funded by Integra LifeSciences Corporation
 - *A Multimodal Imaging Study to Determine the Capture Ability of a Sponsor Supplied Ultrasound Catheter*, funded by Triple Ring Technologies

Elizabeth Arnold, PhD, Department of Psychiatry & Behavioral Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Outreach and Case Management for Homeless Adults in Forsyth County, NC*, funded by CenterPoint Human Services

Nancy Avis, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Postdoctoral Training Program in Cancer Survivorship*, funded by the Department of Health & Human Services
 - *A Prospective Study of the Impact of Breast Cancer on Symptoms and Functioning*, funded by the Department of Health and Human Services
 - *The Study of Women's Health Across the Nation V Data Coordinating Center*, funded by a subcontract with the University of Pittsburgh

Laura Bachmann, MD, MPH, Department of Internal Medicine, Section of Infectious Disease

- Principal Investigator on Projects Funded in FY2015-2016
 - *Clinical Specimen Collection Protocol for the Rheonix STI Tri-Plex Assay and Rheonix EncompassMDx? Workstation*, funded by Guilford County Health Department
 - *Sexually Transmitted Infections Clinical Trials Group (STI CTG); RFP# NIAID-DMID-NIHAI2011122*, funded by a subcontract from the University of Alabama-Birmingham
- Other Noteworthy Accomplishments
 - Medical Director, Guilford County Department of Health and Human Services

Laura Baker, PhD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY 2015-2016
 - *Cocoa Supplement and Multivitamin Outcomes Study in the Mind (COSMOS-Mind)*, funded by the Department of Health and Human Services
 - *Alzheimer's Disease Cooperative Study (ADCS)*, funded by a subcontract from the University of California at San Diego
 - *Therapeutic Effects of Exercise in Adults with Amnesic Mild Cognitive Impairment (EXERT)*, funded by The Regents of the University of California

Katharine Batt, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY 2015-2016
 - *Field Study to Evaluate the Activity of a Site Specific B-Domain Deleted (BDD) Pegylated Recombinant FVIII Protein (BAY 94-9027) in Plasma Samples Measured with Both Chromogenic and One-stage Assays Used in Clinical Laboratories*, funded by Bayer HealthCare Pharmaceuticals, Inc.
 - *Impact of Pain on Functional Impairment and Quality of Life in Adults with Hemophilia*, funded by Quintiles Outcome
 - *CDC / ATHN Cooperative Agreement Community Counts: Public Health Surveillance for Bleeding Disorders*, funded by a subcontract from the University of North Carolina, Chapel Hill

Vanessa Baute, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Characterization of Agrin/LRP4 Antibody-Positive Myasthenia Gravis*, funded by Georgia Regents University
- Other Noteworthy Accomplishments
 - Chair and Speaker, Integrative Medicine Symposium, National Neuromuscular Meeting, AANEM

Christina Bellinger, MD, Department of Internal Medicine, Section on Pulmonary, Critical Care, Allergy and Immunological Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Phase III Study Evaluating the Efficacy and Safety of Remimazolam (CNS 7056) Compared to Placebo and Midazolam in Patients Undergoing Bronchoscopy*, funded by Premier Research Group

Sarah Berga, MD, Department of Obstetrics & Gynecology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Multicenter, Double-Blind, Randomized, Placebo-Controlled Study Evaluating Two Doses of Subcutaneous Pulsatile GnRH Administered via OmniPod Pump for Ovulation Induction in Female Subjects with Primary Amenorrhea with Hypogonadotropic*, funded by DSP Clinical Research, LLC

Rhonda Bitting, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Randomized Open-Label Phase IIa Study Evaluating The Efficacy And Safety Of Radium-223 Dichloride In Combination With Abiraterone Acetate Or Enzalutamide In Subjects With Castration-Resistant Prostate Cancer (CRPC) Who Have Bone Metastases*, funded by Covance, Inc.
 - *Salvage Therapeutic Radiation with Enzalutamide and ADT in Men with Recurrent Prostate Cancer (STREAM)*, funded by Duke University
 - *A Phase 2 Study of Recombinant Glycosylated Human Interleukin-7 (CYT-107) After Completion of Standard FDA Approved Therapy with Sipuleucel-T (Provenge?) for Patients with Asymptomatic or Minimally Symptomatic Metastatic Castration*, funded by Fred Hutchinson Cancer Research Center
 - *Single-arm Phase II Combination Study of Low-dose Paclitaxel with Pembrolizumab in Platinum-refractory Urothelial Carcinoma*, funded by Merck Sharp & Dohme Corp.
 - *A Phase II Clinical Trial of Pembrolizumab (MK-3475) in Subjects with Advanced/Unresectable or Metastatic Urothelial Cancer*, Merck Sharpe & Dohme Corp.

Jane Boggs, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A, Randomized, Double-Blind, Placebo Controlled Trial Examining the Safety and Efficacy of Midazolam Intranasal Spray (USL261) for the Treatment of Intermittent Bouts of Increased Seizure Activity in the Epilepsy Monitoring Unit (EMU)*, funded by INC Research, Inc.
 - *RNS System Long-Term Treatment Clinical Investigation*, funded by NeuroPace, Inc.

Isai Gopalakrishnan Bowline, MD, Department of Internal Medicine, Section on Nephrology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Long-Term Safety Extension Trial of KRX-0502 (Ferric Citrate) in Patients with End-Stage Renal Disease (ESRD) on Dialysis*, funded by Keryx Biopharmaceuticals, Inc.

Allison Brashear, MD, MBA, Department of Neurology

- Elected or Appointed to a National Board
 - Board of Directors, Education Committee, Program Accreditation and Development Subcommittee, Medical Economics and Management Committee, Meeting Management Committee, Leadership Development Committee, Women in Leadership Work Group, American Academy of Neurology
 - Co-Chair, ANA Membership/Honorary Awards Committee, American Neurological Association
 - Neurology Council, Council on Finance, Investment Committee, Committee on Research and Education, Committee on MOC Examination-Neurology, Committee on Irregular Behavior, American Board of Psychiatry and Neurology (ABPN)
 - Executive Council, Association of University Professors on Neurology (AUPN)
- Served on a Study Section
 - Study Section Reviewer, Clinical Trials in Neurological Disorders, ZNS1 SRB-G (03), (NINDS)
 - Co-Chair, Study Section Reviewer, K Awards, ZNS1 SRB-B (52) 1 NST-1 (NINDS)
- Principal Investigator on Projects Funded in FY2015-2016
 - *Dystonia Coalition*, funded by a subcontract from Emory University
 - *Clinical, Genetic and Cellular Consequences of Mutations in NA, K-ATP1A3*, funded by the National Institutes of Health
 - *A Phase III, Multicentre, Double-Blind, Prospective, Randomized, Placebo Controlled Study, assessing the efficacy and safety of Dysport used for the treatment of lower limb Spasticity or traumatic brain injury*, funded by Ipsen, Inc
 - *A Phase III, Prospective, Multicentre, Open-Label, extension study, to assess the long term Safety and efficacy of repeated treatment Dsyport intramuscular injection in the treatment of lower limb spasticity in adult subjects with spastic hemiparesis due to stroke or traumatic brain injury*, funded by Ipsen, Inc
 - *Phase III Study for the Treatment of Lower Limb Spasticity in Post-Stroke Patients*, funded by Merz Pharmaceuticals GmbH
 - *A phase III, Multicenter, prospective, double-blind, randomized, placebo-controlled study assessing the efficacy and safety of Dysport® intramuscular injections used for the treatment of upper limb spasticity in adult subjects with spastic hemiparesis due to stroke or traumatic brain injury*, funded by Ipsen, Inc.
 - *A phase III, Multicenter, prospective, open label extension study to assess the long-term safety and efficacy of repeated treatment of Dysport® intramuscular injections used for the treatment of upper limb spasticity in adult subjects with spastic hemiparesis due to stroke or traumatic brain injury*, funded by Ipsen, Inc.
 - *CD FLEX: An Open-Label, Non-Inferiority Study Evaluating the Efficacy and Safety of Two Injection Schedules of Xeomin® (incobotulinumtoxinA) [Short Flex vs. Long] in Subjects with Cervical Dystonia with ≤10 Weeks of Benefit from OnabotulinumtoxinA Treatment*, funded by Merz Pharmaceuticals, LLC

Allison Brashear, MD, MBA, Department of Neurology (cont.)

- *A Phase IIIB, Multicentre, Randomized, Double-blind, Placebo-Controlled Study evaluating the efficacy and safety of Dysport Using 2 ml dilution in adults with cervical dystonia*, funded by Ipsen, Inc.
- *A Phase IIIB, prospective, Multicentre, open-label extension study to assess long term safety and effectiveness of Dysport using 2 ml dilution in adults with cervical dystonia*, funded by Ipsen Inc.
- *A Phase III, Prospective, Multicentre, Open Label, Extension Study to Assess the Long Term Safety and Efficacy of Repeated Treatment of Dysport Intramuscular Injection in the Treatment of Upper Limb Spasticity in Adult Subjects with Spastic Hemiparesis*, funded by Tercica, Inc.
- *191622-116: BOTOX Treatment in Adult Patients with Post-Stroke Lower Limb Spasticity*, funded by Allergan, Inc.
- *Botox treatment in Adult Patients with Post-Stroke Lower Limb Spasticity*, funded by Allergan Sales, Inc.
- *A phase II, Open-label, Dose-escalating study to Evaluate the Safety and Preliminary Efficacy of RTT150 for Injection in Isolated Cervical Dystonia*, funded by Pharm-Olam International, Ltd.
- Held a Leadership Position in a Community/Non-Professional Organization
 - Asset Committee, Winston Salem Foundation
 - Board of Directors, Women's Fund of Winston-Salem
 - Co-Chair, Heart and Stroke Walk, American Heart Association
- Received a National, Local, or Civic Award
 - *Best Doctor Award*, Best Doctors in America
- Served on a National Panel or Task Force
 - Panel member, Research Career Development Symposium: *How to be Successful in Academic Neuroscience*, American Academy of Neurology Annual Meeting
- Other Noteworthy Accomplishments
 - Search Committee, Director for Center of Healthcare Innovation and Transformation
 - Search Committee, Director of the Center for Integrative Medicine
 - Search Committee, Chair of the Department of Emergency Medicine
 - Search Committee, Chair of the Department of Radiology
 - Course Director, Speaker, *Leadership for Women*, American Academy of Neurology Annual Meeting
 - Course Director, Career Development for Clinician Educators, American Academy of Neurology Annual Meeting
 - Course Director, *Clinical Usefulness of Botulinum Toxin for Spasticity Skills Workshop*, American Academy of Neurology Annual Meeting

Gretchen Brenes, PhD, Department of Psychiatry & Behavioral Medicine

- Co-Principal Investigator on Projects Funded in FY2015-2016
 - *A Stepped-Care Telehealth Approach to Treat Distress in Rural Cancer Survivors*, funded by the National Cancer Institute

Tina Brinkley, PhD, Department of Internal Medicine, Section on Gerontology & Geriatrics

- Elected or Appointed to a National Board
 - Program Committee, North American Artery Society (NAA) Meeting
- Principal Investigator on Projects Funded in FY2015-2016
 - *Diet, Exercise and Soluble RAGE in Adults at Risk for Alzheimer's Disease*, funded by the Alzheimer's Association
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - American Journal of Physiology-Heart and Circulatory Physiology
 - Journal of Strength and Conditioning Research
 - Metabolism
 - North American Artery
 - American Heart Association
- NIH Study Section Charter Member
 - Grant Reviewer, Alzheimer's Association (NIRG, AARG Programs)

K. Bridget Brosnihan Simmons, PhD, Hypertension & Vascular Research Center

- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Hypertension
 - Current Hypertension Reviews
 - American Journal of Physiology, Heart & Circulation
 - Journal of Clinical Pharmacology
 - Articles in Circulation Research

K. Bridget Brosnihan Simmons, PhD, Hypertension & Vascular Research Center (cont.)

- Served on a Study Section
 - Member of review panel, Instrumentation Grant, National Institute of Health, SBIB, Division of Translational and Clinical Sciences
- NIH Study Section Charter Member
 - T32 Grant Review, National Heart, Lung & Blood Institute
- Elected or Appointed to a National Board
 - Board of Directors, Inter-American Society of Hypertension

Susan K. Burden, MD, Department of Ophthalmology

- Elected to a Professional Society Officer Position
 - President of the North Carolina Society of Eye Physicians and Surgeons
- Elected or Appointed to a National Board
 - Member at large, Women in Ophthalmology

Cheryl Bushnell, MD, MHS, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Intranasal Insulin and Post-Stroke Cognition: A Pilot Study*, funded by the American Heart Association
 - *Chronic Inflammation and Race-Ethnic Disparities in Ischemic Stroke*, funded by the National Institutes of Health
 - *Safety Evaluation of 3K3A-APC in Ischemic Stroke" (NN104) (RHAPSODY)*, funded by a subcontract from Cedars-Sinai Medical Center
 - *Carotid Revascularization and Medical Management for Asymptomatic Carotid Stenosis Trial (CREST-2)*, funded by a subcontract from the Mayo Clinic
- Elected or Appointed to a National Board
 - Chair, Women and Special Populations Committee, Clinical Cardiology, American Heart Association
- Served on a Study Section
 - Scientific Abstract Reviewer, International Stroke Conference

Kathryn Callahan, MD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Promoting Active Aging*, CTSI Pilot Grant
 - *ADGAP Geriatrics Education Coordinating Center Web-based Geriatric Education Modules (WebGEMS) on POGOe*, funded by a subcontract from Mount Sinai School of Medicine
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Member, Journal of the American Geriatrics Society
 - Editor in Chief, *Web-GEMS*, web-based geriatrics education module

Claudia Campos, MD, Department of General Internal Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Refining Fundoscopic Examination Skills in the Outpatient Setting*, funded by the American College of Physicians
 - *Introduction to POCT Ultrasound*, funded by the American College of Physicians
- Received a National, Local, or Civic Award
 - Recipient, *Unified Leadership Training in Diversity Award*, Association of Chiefs and Leaders of General Internal Medicine

Caroline Chiles, MD, Department of Diagnostic Radiology

- Principal Investigator on Projects Funded in FY2015-2016
 - *IROC PHL DI Clinical Trial Review*, funded by the American College of Radiology

Katherine Cook, PhD, Department of Surgery, Section on Hypertension

- Principal Investigator on Projects Funded in FY2015-2016
 - *Preventing Obesity Induced Breast Cancer*, funded by the Prevent Cancer Foundation

Suzanne Craft, PhD, Department of Internal Medicine, Section on Geriatrics & Gerontology Medicine

- Elected to a Professional Society Officer Position
 - Grant Reviewer, Clinical Neuroscience and Neurodegenerative Disease Study Section, National Institutes of Health
- Are a NIH Study Section Charter Member
 - Charter Member, NIH Clinical Neuroscience and Neurodegeneration Study Section

Suzanne Craft, PhD, Department of Internal Medicine, Section on Geriatrics & Gerontology Medicine (cont.)

- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Journal of Alzheimer's Disease
- Principal Investigator on Projects Funded in FY2015-2016
 - *Therapeutic Effect of Intranasal Insulin on Cognition, Function, and AD Biomarkers*, funded by the Department of Health & Human Services
 - *B-Cell Function and Cognition in the Restoring Insulin Secretion (RISE) Study*, funded by the Department of Health & Human Services
 - *Fyn Inhibition by AZD0530 for Alzheimer's Disease*, funded by a subcontract from the University of California- San Diego
 - *Anti-Amyloid Treatment In Asymptomatic Alzheimer's Disease (Study A4)*, funded by a subcontract with the University of California - San Diego
 - *Anti-Amyloid Treatment in Asymptomatic Alzheimer's Disease (A4 Study)*, funded by a subcontract from the University of California- San Diego
 - *Anti-Amyloid Treatment in Asymptomatic Alzheimer's Disease (Study A4)*, funded by a subcontract from the University of California – San Diego
 - *Longitudinal Evaluation of Amyloid Risk and Neurodegeneration - the LEARN Study*, funded by the University of Southern California
 - *A Phase 2a Multi-Center Study of 18F-FDG PET, Safety, and Tolerability of AZD0530 in Mild Alzheimer's Disease*, funded by the University of Southern California

Tracy Criswell, PhD, Wake Forest Institute for Regenerative Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Role of GDF11 in Skeletal Muscle/Nerve/Vasculature Regeneration After Compartment Syndrome Injury*, funded by Boehringer Ingelheim Pharmaceuticals, Inc.
- Elected or Appointed to a National Board
 - Chair, The Musculoskeletal Working Group of the Tissue Engineering and Regenerative Medicine International Society
- Served on a Study Section
 - Grant Reviewer, National Science Foundation
 - Abstract Reviewer, Tissue Engineering and Regenerative Medicine International Society
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - International Journal of Stem Cell Research and Therapy
 - Cells, Tissues, Organs
 - Stem Cells Translational Medicine
 - Organogenesis
 - Stem Cell Research and Therapy
- Other Noteworthy Accomplishments
 - Participant, AAMC (American Association of Medical Colleges) Early Career Woman Faculty Professional Development Seminar
 - Scholarship recipient, Office of Faculty Affairs and Office of Women in Medicine and Science, AAMC Early-Career Seminar Scholarship

Teresa Cutts, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Stakeholder Health Collaborative Learning: Pathfinding for Transformational Health System and Community Partnership*, funded by the Robert Wood Johnson Foundation
 - *Learning Collaborative: Proactive Management of Hospital Readmissions and Indigent Care Costs through Faith-Based and Community Partnerships*, funded by The Duke Endowment

Kerry Danelson, PhD, Department of Orthopaedic Surgery

- Principal Investigator on Projects Funded in FY2015-2016
 - *The Impact and Injury Response of the Male and Female PMHS and Hybrid III ATD under Blast-Induced Accelerative Loading*, funded by a subcontract from Virginia Tech

Suzanne Danhauer, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Work Ability in Young Adult Survivors (WAYS): A Quantitative Investigation*, funded by the National Cancer Institute
 - *A Stepped-Care Telehealth Approach to Treat Distress in Rural Cancer Survivors*, funded by the National Cancer Institute

Suzanne Danhauer, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy (cont.)

- Served on a National Panel or Task Force
 - Steering Committee Member, Symptom Management & Quality of Life Steering Committee, National Cancer Institute, National Institutes of Health
- Other Noteworthy Accomplishments
 - Participant, AAMC (American Association of Medical Colleges) Mid-Career Woman Faculty Professional Development Seminar

Stephanie Daniel, PhD, Department of Family Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *RFA #A-306 School Health Alliance for Forsyth County School-Based/School-Linked Health Centers*, funded by NC Department of Health & Human Services
 - *Cognitive and Affective Mechanisms of Risk for Suicidal Thoughts and Behaviors*, funded by a subcontract from Duke University
 - *Nonstandard Maternal Work Schedules and Children's Health: Implications for Impoverished Children*, funded by a subcontract from Oklahoma State University
 - *Multilevel Biomarkers for Suicidal Behavior: From Interpersonal Stress to Gene Expression in a Longitudinal Study of Adolescent Girls*, funded by a subcontract from University of North Carolina- Chapel Hill
 - *School Health Alliance for Forsyth County*, funded by the School Health Alliance

Lisa Renee David, MD, Department of Plastic & Reconstructive Surgery

- Principal Investigator on Projects Funded in FY2015-2016
 - *Targeting Surgeons Decision-Making for Lip Surgery*, funded by a subcontract from Tufts University

Nancy Denizard-Thompson, MD, Department of Internal Medicine, Division of General Internal Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *The Nuts and Bolts of Documentation, Billing, and Coding in Ambulatory Medicine*, funded by American College of Physicians

Natalia Dixon, MD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *ATHNdata.Quality.Counts 6/1*, funded by ATHN- American Thrombosis & Hemostasis Network
 - *NC Sickle Cell Syndrome Program*, funded by the Department of Health & Human Services

Debra Diz, PhD, Hypertension & Vascular Research Center

- Elected to a Professional Society Officer Position
 - Member, Center on Diabetes, Obesity and Metabolism
- Principal Investigator on Projects Funded in FY2015-2016
 - Principal Investigator and Program Director, *Wake Forest University School of Medicine PREP Postbaccalaureate Research Education Program Scholars Award*, funded by National Institute of Health
 - *Prenatal Events- Postnatal Consequences, Project 3: Fetal Programming of Adult Disease, Project 3: Antenatal Steroids and Neural Control*, funded by National Institute of Health
 - Co-Principal Investigator and Program Director, *Short-Term Training for Minority Students*, funded by National Institute of Health
 - *Wake Forest University School of Medicine PREP Scholars*, funded by the National Institutes of Health, National Institute of General Medical Sciences
 - *Muscadine Grape Extract Project, Effects of Grape Extract on Cardiometabolic Decline in Aging*, funded by a private donor
- Served on a National Panel or Taskforce:
 - NIH Reviewers Reserve, National Institutes of Health
 - Special Emphasis Panel, Program Project Reviews, National Heart, Lung & Blood Institute
 - Committee Chair, Committee for review of NHLBI R25 Cardiovascular Program, North Carolina Central University
 - Chair, Special Review Committee, Teleconferences, National Institutes of Health
 - Program Project Reviews, Special Emphasis Panel, National Heart, Lung & Blood Institute
 - Chair, NHLBIT35 and R25 Grant Reviews, National Heart, Lung & Blood Institute
 - Member, NHLBI Review Panel K applications, National Heart, Lung & Blood Institute
 - Abstract Grader, American Heart Association, Council for High Blood Pressure Research
- Elected or Appointed to a National Board:
 - National selection committee, ELAM (Executive Leadership in Academic Medicine), Drexel University

Debra Diz, PhD, Hypertension & Vascular Research Center (cont.)

- Awards Committee, Cardiovascular Division: The American Society for Pharmacology & Experimental Therapeutics
- AHA Strategically Focused Research Networks Oversight Committee, 3 year appointment, American Heart Association, National Center
- Member of Executive Board, Consortium for Southeastern Hypertension Control
- Finance Committee Member, Consortium for Southeastern Hypertension Control
- Committee Chair, Committee for review of NHLBI R25 Cardiovascular Program, North Carolina Central University
- Member, Executive Committee, Minority Access for Research Careers (MARC) and RISE programs; Chair 2012-present, Winston-Salem State University for NIH, NIGMS funded programs
- Member, External Advisory Board, Science, Technology & Engineering Programs, National Science Foundation Historically Black Colleges & Universities (HBCU-UP), Johnson C. Smith University for NSF funded programs
- Member, External Advisory Committee for the University of Florida Pepper Center; Chair for 2015, University of Florida for NIH, NIAA funded Pepper Center
- Executive Leadership Team for Winston-Salem's American Heart Ball, American Heart Association, Winston-Salem
- Elected or Appointed to a Community Advisory Board:
 - Vice Chair, Career Development for Women Leaders (CDWL) Advisory Board for Office of Women in Medicine & Science (Chair effective November 2016)
- Elected or Appointed to Peer-Reviewed Journal Editorial Board
 - Editorial Board, Current Hypertension Reviews
 - Editorial Board, Current Hypertension Reports
 - Associate Editor, Frontiers in Integrative Physiology
 - Associate Editor, American Journal of Physiology/Heart & Circulation

Laura Downey, MD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *Task order #25 "Antibiotic Safety in Infants with Complicated Intra-Abdominal Infections"*, funded by subcontract from Duke University
 - *NINDS PHASE III Investigator-Initiated Multi-Site Clinical Trials (U01)*, funded by subcontract from University of Washington

Purnima Dubey, PhD, Department of Pathology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Enhancing Efficacy of Pertussis Vaccines*, funded by the National Institute of Allergy and Infection Diseases
- Served as a Study Section Chair
 - Study section chair and panel member, Prostate Cancer Research Program, Department of Defense

Pamela Duncan, PhD, Department of Neurology:

- Principal Investigator on Projects Funded in FY2015-2016
 - *Early Supported Discharge for Improving Functional Outcomes After Stroke*, funded by Patient-Centered Outcomes Research Institute
- Received a National, Local, or Civic Award
 - *Post-Acute Stroke Award for Excellence in Clinical Care and Research*, American Congress of Rehabilitation Medicine
- Served on a National Panel or Task Force
 - Member of the Center for Disease Control External Advisory Panel for the Coverdell Registries
 - Member of the University of Pittsburgh Pepper Center External Advisory Panel
 - Member of DSMB for the John Hopkins Sturdy Study
 - Member of the CoSTAR External Advisory Committee

Nada, El Hussein, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Service Agreement SILK-GTS6891*, funded by Silk Road Medical, Inc.

Leslie Ellis, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *CCCWFU 22113 - A Phase 3 Randomized, Double-Blind, Placebo-Controlled Study to Compare Efficacy and Safety of Oral Azacitidine Plus Best Supportive Care Versus Best Supportive Care as Maintenance Therapy in Subjects with Acute Myeloid Leukemia*, funded by Celgene Corp.
 - *A Randomized Phase III Study of Ibrutinib (PCI-32765)-based Therapy vs Standard Fludarabine, Cyclophosphamide, and Rituximab (FCR) Chemoimmunotherapy in Untreated Younger Patients with Chronic Lymphocytic Leukemia (CLL)*, funded by ECOG-ACRIN Cancer Research Group

Nkechinyere Emejuiwe, MD, Department of Internal Medicine, Section on Rheumatology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Efficacy, Safety and Immunogenicity of BI 695501 Versus Adalimumab in Patients With Active Rheumatoid Arthritis: a Randomized, Double-Blind, Parallel Arm, Multiple Dose, Active Comparator Trial*, funded by Quintiles, Inc.

Cynthia Emory, MD, Department of Orthopaedic Surgery

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Prospective, Multi-Center Study of the IlluminOss® Photodynamic Bone Stabilization System for the Treatment of Impending and Actual Pathological Fractures in the Humerus from Metastatic Bone Disease*, funded by IlluminOss® Medical, Inc.
- Elected or Appointed to a National Board
 - Member, EPIC Orthopaedics Specialty Steering Board
 - Member, Musculoskeletal Transplant Foundation Medical Board
- Received a National, Local, or Civic Award
 - *Best Doctors Award, Best Doctors in America*
- Other Noteworthy Accomplishments
 - Chair, Research and Education Subcommittee, Women in Medicine and Science Standing Committee

Cristin Ferguson, MD, Department of Orthopaedic Surgery

- Principal Investigator on Projects Funded in FY2015-2016
 - *Sports Medicine Fellowship Educational Grant 2015-2016*, funded by DePuy Synthes Mitek Sports Medicine

Kristie Foley, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Building Capacity for Tobacco Research in Romania*, funded by the Department of Health & Human Services

Anne Fox, MD, Department of Internal Medicine, Section of Infection Disease

- Principal Investigator on Projects Funded in FY2015-2016
 - *Service Contract for Dr. Anne Fox*, funded by Naval Medical Research Center

Capri Foy, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Prosocial Behavior and Volunteerism to Promote Physical Activity in Older Adults*, funded by the National Heart, Lung, and Blood Institute

Cristina Furdul, PhD, Department of Internal Medicine, Section on Molecular Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *New Reagents for Tracking Protein Oxidation in Cells by MS and Imaging Methods*, funded by Department of Health & Human Services
 - *New Oxidation-Sensing Probes to Evaluate Mitochondrial Dysfunction in Lung Injury*, funded by Department of Health & Human Services
 - *Oxidative Stress and the Development of Osteoarthritis*, funded by subcontract from University of North Carolina- Chapel Hill

Jennifer Gabbard, MD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Patient Reported Data to Engage Patients and Inform Clinical and Population Care: A Pilot Study to Assess the Feasibility of Implementing an Electronic Medical Record (EMR)-Based Symptom Assessment Module Using Patient Reported*, funded by American Society of Nephrology

Patricia Gallagher, PhD, Hypertension & Vascular Research Center

- Principal Investigator on Projects Funded in FY2015-2016
 - *Nature's Pearl Muscadine Grape Extract*, funded by an anonymous donor
 - SPARK, Wake Forest Innovations
 - KG110744 NCE, Susan G. Komen
 - *Prevention of Doxorubicin-Induced Cardiotoxic Late Effects by Ang-(1-7)*, funded by Leukemia & Lymphoma Society

Sabina Gesell, PhD, Division of Public Health Sciences, Department of Social Sciences and Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Building Social Networks to Improve Physical Activity and Weight Loss in Latino Parents*, funded by the National Institute of Health
 - *Building Social Networks to Achieve Healthy Weight Gain During Pregnancy*, funded by the Eunice Kennedy Shriver National Institute of Child Health and Development
- Received a National, Local, or Civic Award
 - *Early-Career Investigator in Clinical Sciences Award*, Wake Forest School of Medicine

Patricia Gibson, MS, Department of Neurology

- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - *Medscape*
 - *Epilepsy and Behavior*
- Other Noteworthy Accomplishments
 - Conducted, *Advances in the Management of Epilepsy and the Epilepsy Clinic*, 30th annual national conference

Leanne Groban, MD, Department of Anesthesiology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Interplay Between Estrogen, GPR30 and Chymase/RAS in Diastolic Function*, funded by Department of Health & Human Services
- Elected or Appointed to Peer-Reviewed Journal Editorial Board
 - Anesthesia Analgesia
 - Anesthesiology
- Served on a National Panel or Taskforce:
 - Grant Reviewer, National Institute on Aging/Grants for Early Medical/Surgical Specialists Transition to Aging Research (GEMSSTAR)

Amy Guzik, MD, Department of Neurology (Vascular)

- Principal Investigator on Projects Funded in FY2015-2016
 - *Mild and Rapidly Improving Stroke Study (MaRISS)*, funded by American Heart Association

TanYa Gwathmey-Williams, MS, PhD, Hypertension & Vascular Research Center

- Principal Investigator on Projects Funded in FY2015-2016
 - *Oxidative Stress and Renal Injury in Cardiometabolic Disease*, funded by the American Heart Association
 - *WFSM PREP Scholars*, funded by the NIH National Institute of General Medical Sciences
- Elected or Appointed to a National Board
 - Ex-officio Member, American Physiology Society Science Policy Committee
 - Member, International Society for Hypertension in Blacks
 - Member, Endocrine Society
 - Training and Career Opportunities Subcommittee, Federation of American Societies for Experimental Biology
 - Core Competencies Group, Federation of American Societies for Experimental Biology
 - Diversity and Inclusion Working Group, American Society of Nephrology
- Elected or Appointed to Peer-Reviewed Journal Editorial Board
 - Guest Editor, Echocardiography
 - Reviewer, International Journal of Endocrinology
 - Reviewer, Biomedical Central Public Health
- Elected to a Professional Society Officer Position
 - Training and Diversity Committee, American Physiological Society
 - Organizational Board Member of the NC Women of Color Research Network
- Served on a National Panel or Task Force
 - Cardiorenal Study Section, American Heart Association
 - Abstract Reviewer, American Heart Association Councils for Epidemiology and Lifestyle

Karen Haas, PhD, Department of Microbiology & Immunology

- Principal Investigator on Projects Funded in FY2015-2016
 - *B Cell-Specific Anti-Tumor Immunity Induced by PAMPs*, funded by Army Med R & D Command
 - *Regulation Of Memory B Cell Responses To Polysaccharide Antigens*, funded by Department of Health & Human Services
 - *Viral Modulation of Polysaccharide Antibody Responses and Vaccine Efficacy*, funded by Department of Health & Human Services

Kristen Hairston, MD, MPH, Department of Internal Medicine, Section on Endocrinology & Metabolism

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Long-Term, Randomized, Double Blind, Placebo-Controlled Study to Determine the Effect of Albiglutide, When added to Standard Blood Glucose Lowering Therapies, on Major Cardiovascular Events*, funded by GlaxoSmithKline
- Elected or Appointed to a National Board
 - Member, Obesity Committee, American Heart Association
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - *Men's Health*

Annette Hastie, PhD, Center for Genomics and Personalized Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Core for Sputum Slide Differential Counts for SARP III Network Longitudinal Study*, funded by subcontract from Pennsylvania State University

Kathleen Hayden, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Genes, Environments, Interactions, and Cognitive Decline in the HRS*, funded by Department of Health & Human Services

Jennifer Helderman, MD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *Trial of Late SURfactant (TOLSURF) to Prevent BPD*, funded by a subcontract with the University of California, San Francisco
 - *Neonatal Neurobehavior and Outcomes in Very Preterm Infants*, funded by a subcontract with Women & Infants Hospital

Brittany Bohinc Henderson, MD, Department of Internal Medicine, Section on Endocrinology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Overexpression of LGR5 and LRGR 5 in Human Thyroid Cancer Promotes Wnt/?-Catenin Signaling and is Associated with Tumor Aggressiveness*, funded by American Thyroid Association

Kathleen Hosmer, MD, Department of Emergency Medicine

- Other Noteworthy Accomplishments
 - Participant, AAMC (American Association of Medical Colleges) Early Career Woman Faculty Professional Development Seminar
 - Scholarship recipient, Office of Faculty Affairs and Office of Women in Medicine and Science, AAMC Early Career Seminar Scholarship

Denise Houston, PhD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Trial of vitamin D supplementation and neuromuscular function in older adults*, funded by the National Institutes of Health
- Served on a National Panel or Task Force
 - *Meeting the Dietary Needs of Older Adults*, Food and Nutrition Board of the Institute of Medicine
- Received a National, Local, or Civic Award
 - *Distinguished Alumni Award*, Department of Nutrition, University of North Carolina at Chapel Hill
 - *Delta Omega Alumnus Award*, Department of Nutrition, University of North Carolina at Chapel Hill

Dianna Howard, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Multi-Center, Randomized, Double-Blind, Placebo Controlled, Study to Evaluate the Efficacy and Safety of CSJ148 Compared to Placebo to Prevent Human Cytomegalovirus (HCMV) Replication in Stem Cell Transplant Patients*, funded by Novartis Pharmaceuticals Corp

Marissa Howard-McNatt, MD, Department of Surgical Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Alliance A011104/ACRIN 6694 - Effect of Preoperative Breast MRI on Surgical Outcomes, Costs and Quality of Life of Women with Breast Cancer*, funded by Alliance for Clinical Trials in Oncology
 - *Alliance A011202: A Randomized Phase III Trial Evaluating the Role of Axillary Lymph Node*, funded by Alliance for Clinical Trials in Oncology
 - *Prospective Study of Magnetic Resonance Imaging (MRI) and Multiparameter Gene Expression Assay in Ductal Carcinoma In Situ (DCIS)*, funded by NRG Oncology
 - *Wake Forest Baptist Health Breast Care Center Patient Navigator Program*, funded by Susan G. Komen Breast Cancer Foundation
 - *IMPACT: Increasing Minority & Underserved Patient Access Together*, funded by Susan G. Komen Breast Cancer Foundation

Allyn Howlett, PhD, Department of Physiology & Pharmacology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Postdoctoral Research, Instruction, and Mentoring Experience (PRIME)*, funded by Department of Health & Human Services
 - *The National Research Mentoring Network (NRMN) Supplemental Project Awards/IDRACDA*, funded by a subcontract with University of New Mexico
- Elected or Appointed to a National Board:
 - Co-Chair, Subcommittee on Cannabinoid Receptors, International Union of Pharmacologists Nomenclature Committee
 - Member, Executive Committee, Minority Access for Research Careers (MARC) and RISE Programs, Winston-Salem State University for NIH, NIGMS funded programs
 - Advisory Board, U54 Cooperative Agreement for Alcohol Research NCCU-UNC-Chapel Hill, NIAAA
- Elected or Appointed to Peer-Reviewed Journal Editorial Board
 - Journal of Biological Chemistry, American Society for Biochemistry and Molecular Biology
 - Guest Editor, *Topics: Emerging Therapeutic Uses for Cannabinoids: A Basic Science, Pharmaceutical and Policy Perspective*, Frontiers in Pharmacology
 - Associate Editor, *Cannabis and Cannabinoid Research* ISSN:2378-8763, Mary Ann Liebert, Inc.
- Served on a National Panel or Task Force
 - Scientific Review Panel for RFA on “Synthetic Cannabis”, National Institute of Health Center for Scientific Review

Christina E. Hugenschmidt, PhD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Cognitive/Brain Effects of Adding Weight Loss to Exercise in Obese Older Adults*, funded by the Department of Health & Human Services

Sobia Hussaini, MHA, Department of Physician Assistant Studies

- Elected to a Professional Society Officer Position
 - Director, Academic Practice Partnerships for the Department of PA Studies
- Served on a National Panel or Task Force
 - Accreditation of Postgraduate Training Programs, American Academy of Physician Assistants Task Force
- Other Noteworthy Accomplishments
 - Organizer, *Healthcare Administration and Executive Leadership: A Conference for PA's*, Wake Forest's Department of PA Studies' first National Conference
 - Published “*Accreditation and Implications of Clinical Postgraduate PA Training Programs*”, Journal of the American Academy of Physician Assistants, 2016.

Elizabeth Jensen, MPH, PhD, Division of Public Health Sciences, Section on Epidemiology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Evaluation of Growth Outcomes in Children with Eosinophilic Esophagitis*, funded by the University of North Carolina-Chapel Hill
 - *Biomarkers of Fertility and Health Outcomes (BioFertility Study): Planning and Infrastructure*, funded by Women's Reproductive Health Foundation

Tamison Jewett, MD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *Genetic Services_RFA#A-293*, funded the NC Department of Health & Human Services
 - *Prevalence and Traits of FASD in the U.S. Population: Evidence from Schools*, funded by a subcontract with the University of North Carolina – Chapel Hill

Sara Jones, PhD, Department of Physiology & Pharmacology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Ethanol Dependence Induced Changes in Dopamine Signaling in Basolateral Amygdala*, funded by Department of Health & Human Services
 - *Ethanol and Stress Effects on Monoamine Neurotransmission*, funded by National Institute of Alcohol Abuse & Alcoholism

Anushree Karkhanis, PhD, Department of Physiology Pharmacology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Impact of Early Life Stress on Accumbal Kappa Opioid Signaling and Ethanol Intake*, funded by Department of Health & Human Services

Kylie Kavanagh, DVM, Department of Pathology, Section on Comparative Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Summer Veterinary Student Research Fellows at Wake Forest University*, funded by the Department of Health & Human Services
 - *Age-Related Changes in Intestinal Function and Sarcopenia in Monkeys*, funded by the Department of Health & Human Services
 - *Center for High-Throughput Minimally-Invasive Radiation Biodosimetry (Restoring Tissue HSP90 Levels Post-Irradiation to Prevent T2DM as a Delayed Effect of Radiation)*, funded by subcontract with Columbia University

Bethany Kerr, PhD, Department of Cancer Biology

- Principal Investigator on Projects Funded in FY2015-2016
 - *CD117 Signaling as a Mechanism of Prostate Cancer Metastasis*, funded by Department of Health & Human Services

Sunghye Kim, MD, Department of Internal Medicine, Section on General Internal Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *The Effects of Aquatic Prehabilitation in Knee OA Patients on Knee Arthroplasty Outcomes*, funded by Department of Health & Human Services

Nancy King, JD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Elected or Appointed to a National Board
 - Secretary's Advisory Committee for Human Research Protections, North Carolina Department of Health and Human Services

Heidi Klepin, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Clinical and Biological Predictors of Chemotherapy Toxicity in Older Adults*, funded by a subcontract with the City of Hope Comprehensive Cancer Center
- Elected to a Professional Society
 - Member, Oncologic Drugs Advisory Committee (ODAC), Food and Drug Administration (FDA)
 - Track Leader, Geriatric Oncology Track, American Society of Clinical Oncology (ASCO) Cancer Education Committee

Zanetta Lamar, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Phase 3, Double-Blind Randomized Study To Compare The Efficacy And Safety Of Rituximab Plus Lenalidomide (Cc-5013) Versus Rituximab Plus Placebo In Subjects With Relapsed/Refractory Indolent Lymphoma*, funded by Academic and Community Cancer Research University
 - *Intergroup Randomized Phase II Four Arm Study in Patient with Previously Untreated Mantle Cell Lymphoma of Therapy with: Arm A = Rituximab + Benamustine + Bortezomib*, funded by ECOG-ACRIN Cancer Research Group
 - *Open-Label, Multi-Center, Randomized Study Of Anti-CCR4 Monoclonal Antibody KW-0761 (Mogamulizumab) Versus Vorinostat In Subjects With Previously Treated Cutaneous T-Cell Lymphoma*, funded by Kyowa Hakko Kirin Pharma, Inc.

Nicole Levi-Polyachenko, MD, Department of Psychiatry & Behavioral Medicine

- Principal Investigator on Projects Funded FY2015-2016
 - *Fluorescent Electrically Conductive Nanoparticles for Detection and Treatment of Metastatic Colorectal Cancer*, funded by Army Med R & D Command
 - *Conductive Polymer Nanoparticles for Treatment of Colorectal Cancer Metastasis*, funded by Department of Health & Human Services

Kristina Henderson Lewis, MD, MPH, Department of Internal Medicine, Section on Hospital Medicine

- Principal Investigator on Projects Funded FY2015-2016
 - *Predictors of Weight Loss Failure and Regain in Bariatric Patients*, funded by subcontract with Kaiser Permanente Southern California

Laura Lintner, DO, Department of Family Medicine

- Principal Investigator on Projects Funded FY2015-2016
 - *NCAA-DoD Grand Alliance: Concussion Assessment, Research and Education (CARE) Consortium - Longitudinal Clinical Study Core*, funded by subcontract with University of Michigan

Julie Linton, MD, FAAP, Department of Pediatrics

- Principal Investigator on Projects Funded FY2015-2016
 - *Community-Pediatric Partnerships for Child Well-Being*, funded by AAP CPTI
 - *SPRING Campaign: Support, Prevention and Resilience build-ING for Pregnant and Parenting Teens*, funded by American Academy of Pediatrics
 - *Carolinas Collaborative*, funded by AAP CPTI
- Elected or Appointed to a National Board
 - Executive Committee for the American Academy of Pediatrics Council on Community Pediatrics
 - Elected Chair, American Academy of Pediatrics Immigrant Health Special Interest Group
- Elected to a Community Board
 - Executive Board, Forsyth Adolescent Health Coalition
 - Chair, Health Subcommittee, Building Integrated Communities, City of Winston-Salem
 - North Carolina Refugee Health Advisory Committee
 - Co-founder, Co-Chair, Forsyth County Refugee Health Collaborative

Yongmei Liu, MD, PhD, Division of Public Health Sciences, Department of Epidemiology & Prevention

- Principal Investigator on Projects Funded FY2015-2016
 - *Epigenetic Roles in Regulation of Cholesterol Metabolism and CVD Risk*, funded by Department of Health & Human Services
 - *Obesity-Related Epigenetic Changes and Type-2 Diabetes*, funded by Department of Health & Human Services
 - *Rare Variants and NHLBI Traits in Deeply Phenotyped Cohorts*, funded by subcontract with University of Washington
 - *CHARGE Consortium: Gene Discovery for CVD and Aging Phenotypes*, funded by subcontract with University of Washington

Hui-Wen Lo, PhD, Department of Cancer Biology

- Principal Investigator on Projects Funded FY2015-2016
 - *Truncated GLI1 in Glioblastoma*, funded by Department of Health & Human Services

Vera Luther, MD, Department of Internal Medicine, Section on Infectious Diseases

- Principal Investigator on Projects Funded in FY2015-2016
 - *Advancing Resident Financial Wellness and Healthcare Resource Awareness: a Curriculum to Decrease Resident Burnout and Improve Patient Care*, funded by the Alliance for Academic Internal Medicine

Gail Marion, PhD, PA-C, Department of Family & Community Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Fully Integrating Behavioral Health Care into an Academic Family Medicine and a FQHC Clinic: Preparing Residents to Work Effectively in Integrated Care Teams*, funded by Health Resources Services Administration

Catherine Ann Matthews, MD, Department of Obstetrics & Gynecology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Permanent Versus Delayed-Absorbable Monofilament Suture For Vaginal Graft Attachment During Minimally-Invasive Total Hysterectomy And Sacrocolpopexy: A Randomized Clinical Trial*, funded by the University of North Carolina- Chapel Hill

Amy McMichael, MD, Department of Dermatology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Safety and Efficacy of Bimatoprost Solution Versus Vehicle in Men with Androgenic Alopecia*, funded by Allergan, Inc
 - *The Impact of a Pre-Shave Gel and Brush in Males with Pseudofolliculitis Barbae*, funded by Gillette

Amy McMichael, MD, Department of Dermatology (cont.)

- *An Open-Label (Part A) and a Double-Blind, Randomized, Placebo-Controlled (Part B) Study, With an Open-Label Extension, of INCB018424 Phosphate Cream Applied Topically to Subjects With Alopecia Areata*, funded by inVentiv Health Inc.
- *A Phase 2, Multicenter, Randomized, Double-Blind, Vehicle-Controlled Study of the Safety, Tolerability, and Efficacy of 0.15% and 0.25% Concentrations of Topical SM04554 Solution in Male Subjects with Androgenetic Alopecia (AGA)*, funded by Samumed, LLC
- *A Phase 3, Multi-center, Randomized, Double-Blind, Vehicle-Controlled Study To Evaluate The Safety And Efficacy Of Cortexolone 17?-Propionate (CB-03-01) Cream, 1% Applied Twice Daily For 12 Weeks In Subjects With Facial Acne Vulgaris*, funded by Therapeutics Inc.
- *An Open-Label, Long-Term Extension Study to Evaluate the Safety of Cortexolone 17?-Propionate (CB-03-01) Cream, 1% Applied Twice Daily in Subjects with Acne Vulgaris*, funded by Therapeutics Inc.
- Elected or Appointed to Peer-Reviewed Journal Editorial Board
 - JAMA Dermatology
- Other Noteworthy Accomplishments
 - Plenary Speaker, Summer American Academy of Dermatology

Susan Melin, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Randomized Phase II Trial of Tamoxifen versus Z-Endoxifen HCl in Postmenopausal Women with Metastatic, Estrogen Receptor Positive, HER2 Negative Breast Cancer*, funded by Alliance for Clinical Trials in Oncology
 - *A Phase II Double-Blinded, Randomized, Placebo- Controlled Study Of Docetaxel In Combination With 1-Methyl-D-Tryptophan (Indoximod) In Metastatic Breast Cancer*, funded by NewLink Genetics Corporation
 - *A Phase III Randomized, Double Blind Placebo Controlled Study of BKM120 with Fulvestrant, in PostMenopausal Women with Hormone Receptor-Positive HER2-Negative Locally Advanced or Metastatic Breast Cancer which Progressed on or after Aromatase Inhibitor T*, funded by Novartis Pharmaceuticals Corporation
 - *Increasing Adherence to Adjuvant Hormonal Therapy Among Breast Cancer Patients: Phase 2 - Pilot Test of Intervention for Feasibility*, funded by Ohio State University
 - *A Phase III, Open Label, Randomized, Controlled, Multi-Centre Study To Assess The Efficacy And Safety Of Olaparib Monotherapy Versus Physician's Choice Chemotherapy In The Treatment Of Metastatic Breast Cancer Patients With Germline BRCA1/2 Mutations*, funded by PPD Development

Deborah Meyers, PhD, Center for Genomics & Personalized Medicine Research

- Principal Investigator on Projects Funded in FY2015-2016
 - *Genomics of Lung Function and Asthma Severity in African Americans*, funded by a subcontract with Emory University
 - *BARD Genetics Analysis Project*, funded by a subcontract with Pennsylvania State University
 - *Immunopathogenesis in Fungal Asthma*, funded by subcontract with University of Alabama-Birmingham

Anna Miller-Fitzwater, MD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *Reach Out and Read Earlier - Implementing the Reach Out and Read Model at the Newborn Visit*, funded by Academic Pediatric Association

Carolanne Milligan, PhD, Department of Neurobiology & Anatomy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Training in Health Disparity Research for a Diverse Neuroscience Workforce*, funded by Department of Health & Human Services
 - *Mechanisms Mediating NMJ Denervation*, funded by Department of Health & Human Services

Josephine Mokonogho, MD, Department of Psychiatry & Behavioral Medicine

- Other Noteworthy Accomplishments
 - Program Director, Psychiatry Residency Program

Savithri Nageswaran, MD, MBBS, DCH, MPH, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *Community-Based Coordinated Care for Children with Medical Complexit*, funded by the Healthy Tomorrows Partnership for Children Program
 - *Healthcare Providers Roles in Decision Making in Pediatric Palliative Care*, funded by the National Institutes of Health

Savithri Nageswaran, MD, MBBS, DCH, MPH, Department of Pediatrics (cont.)

- *Enhancing the System of Care for Children with Complex Chronic Conditions*, funded by the Integrated Community Systems for CSHCN
- Received a National, Local, or Civic Award
 - *2015 Angel of the Year*, Sally's Angels, Winston-Salem

Maggie C.Y. Ng, PhD, Center for Diabetes Research, Center for Genomics and Personalized Medicine Research

- Principal Investigator on Projects Funded in FY2015-2016
 - *Integrative Study of Genomics, Transcriptomics and Metabolomics in Type 2 Diabetes*, funded by the National Institute of Health

Barbara Nicklas, PhD, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Intervening on Sedentary Behavior to Prevent Weight Regain in Older Adults*, funded by Department of Health & Human Services
 - *Intervening on Sedentary Behavior to Prevent Weight Regain in Older Adults*, funded by Department of Health & Human Services

Linda Nicolotti, PhD, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *WFBH Pediatric Oncology Psychosocial Assessment Proposal*, funded by CureSearch for Children's Cancer
- Other Noteworthy Accomplishments
 - Co-Developer, Psychology Residency program

Chandlyen Nightingale, PhD, MPH, Division of Public Health Sciences, Social Sciences and Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Prepare to Care, A Supported Self-Management Intervention for Head and Neck Cancer Caregivers*, funded by the National Cancer Institute
 - *CPC PUSH Pilot Grant*, funded by Comprehensive Cancer Center at Wake Forest University

Marina Nunez, MD, PhD, Department of Internal Medicine, Section on Infectious Diseases

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Prospective Observational Study to Examine Patient Characteristics, Health Care Management, and Effectiveness Among HCV Patients Treated With Simeprevir at Various Practice Settings*, funded by Janssen Scientific Affairs, LLC
 - *Safety and Efficacy of 240 mg BI 201335 Once Daily in Combination with Pegylated Interferon Alpha 2a and Ribavirin for Treatment of Chronic Hepatitis C (HCV)*, funded by Boehringer Ingelheim Pharmaceuticals Inc.

Jill Ohar, MD, Department of Internal Medicine, Section on Pulmonary

- Principal Investigator on Projects Funded in FY2015-2016
 - *Familial Mesothelioma: Beyond BAP1*, funded by the Mesothelioma Applied Research Pharmaceuticals Inc.

Mary Claire O'Brien, MD, Department of Emergency Medicine; Department of Social Sciences and Health Policy; Associate Dean for Academic Affairs

- Principal Investigator on Projects Funded in FY2015-2016
 - *Development of the Wake Forest Center for Experiential Learning (WCEL) Curriculum*, funded by The Duke Endowment

Elizabeth Palavecino, MD, Department of Pathology

- Principal Investigator on Projects Funded in FY2015-2016
 - *HardyCHROM Multi Drug Resistant Organism Screening*, funded by Hardy Diagnostics
 - *Coordinate an In Vitro Evaluation for Ceftazidime-Avibactam*, funded by IHMA Inc.

Snezana Petrović, MD, PhD, FASN, Department of Physiology & Pharmacology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Dietary Acid Load, Kidney Function and Disability in Elderly*, funded by Department of Health & Human Services
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - *Frontiers in Renal and Epithelial Physiology*
 - *American Journal of Physiology*

Snezana Petrović, MD, PhD, FASN, Department of Physiology & Pharmacology (cont.)

- Kidney International
- Journal of Gerontology
- Comparative Physiology and Biochemistry
- BioMed Central
- Other Noteworthy Accomplishments
 - Participant, AAMC (American Association of Medical Colleges) Early Career Woman Faculty Professional Development Seminar
 - Scholarship recipient, Office of Faculty Affairs and Office of Women in Medicine and Science, AAMC Early-Career Seminar Scholarship

Emily Poole Pharr, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *An Open-Label Study to Assess the Effects of BG00012 on Lymphocyte Subsets in Subjects With Relapsing-Remitting Multiple Sclerosis*, funded by Biogen, Inc.
 - *A Placebo-Controlled Randomized Withdrawal Evaluation of the Efficacy and Safety of Baclofen ER Capsules (GRS) in Subjects with Spasticity Due to Multiple Sclerosis*, funded by DP Clinical, Inc.
 - *A Long-term Follow-up Study for Multiple Sclerosis Patients Who Have Completed the Alemtuzumab Extension Study (CAMMS03409)*, funded by Genzyme
 - *An Extension Protocol for Multiple Sclerosis Patients who Participated in Genzyme Sponsored Studies of Alemtuzumab (Protocol # CAMMS03409; Also Known as the CARE-MS Extension Study)*, funded by Genzyme
 - *A Randomized, Double-Blind, Double-Dummy, Parallel-Group Study Comparing the Efficacy and Safety of Ofatumumab Versus Teriflunomide in Patients With Relapsing Multiple Sclerosis*, funded by Novartis Pharmaceutical Corp.
 - *A Multinational Multicenter, Randomized, Double-Blind, Parallel-Group, Placebo-Controlled Study Followed by an Active Treatment Period, to Evaluate the Efficacy, Safety and Tolerability of Two Doses of Oral Administratoin of Laquinimod*, funded by PRA International
 - *An Open-Label, Two-Arm, Randomized Study to Characterize Flu-Like Symptoms in Relapsing Multiple Sclerosis Patients Transitioning from Current Interferon Beta Therapies to BIIB017*, funded by Quintiles, Inc.
 - *A Multinational, Multicenter, Open-Label, Single-Assignment Extension of the MS-LAQ-301 (ALLEGRO) Study, to Evaluate the Long-Term Safety, Tolerability and Effect on Disease Course of Daily Oral Laquinimod 0.6 mg in Subjects with Relapsing Multiple Sclerosis*, funded by Teva Neuroscience, Inc.
 - *A 12-Month, Randomized, Rater- and Dose-Blinded Study to Compare the Efficacy and Safety of Fingolimod 0.25 mg and 0.5 mg Administered Orally Once Daily with Glatiramer Acetate 20 mg Administered Subcutaneously Once Daily in Patients with Relapsing*, funded by PPD Development, LLC

Katherine Poehling, MD, MPH, Department of Pediatrics

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Case Control Study of the Effectiveness of Q/LAIV Versus Inactivated Influenza Vaccine and No Vaccine in Subjects 2-17 Years of Age*, funded by MedImmune, Inc.

Leslie Poole, PhD, Department of Biochemistry

- Principal Investigator on Projects Funded in FY2015-2016
 - *Structural and Computational Biophysics Training Program*, funded by the National Institutes of Health
 - *Mechanisms and Regulation of Peroxiredoxins*, funded by the Department of Health & Human Services

Mercedes Porosnicu, MD, Department of Internal Medicine, Section on Hematology & Oncology

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Randomized, Double-blind, Placebo-controlled, Phase III Study to Evaluate the Efficacy and Safety of Afatinib (BIBW 2992) as Adjuvant Therapy After Chemo-radiotherapy in Primary Unresected Patients*, funded by Boehringer Ingelheim Pharmaceuticals Inc.
 - *A Randomized, Double-Blind, Phase 2 Safety Study of Cetuximab, Using ImClone Versus Boehringer Ingelheim Manufacturing Processes, in Combination with Cisplatin or Carboplatin and 5-Fluorouracil in the First-Line Treatment of Patients with Locoregionally*, funded by Lilly USA, LLC
 - *Pilot Study to Evaluate the Anti-Tumor Effect of Erlotin*, funded by OSI Pharmaceuticals, Inc.
 - *Phase I/II Clinical Trial of Combined Re-Irradiation Pem*, funded by OSI Pharmaceuticals, Inc.

Amber Reeves-Daniel, DO, Department of Internal Medicine, Section on Nephrology

- Principal Investigator on Projects Funded in FY2015-2016

- *RaDIANT Community Study to Reduce Disparities in Access to Kidney Transplantation*, funded by a subcontract with Emory University

Neveen Said, PhD, Department of Cancer Biology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Regulation of Urinary Bladder Carcinogenesis and Progression by SPARC*, funded by Department of Health & Human Services

Maria Sam, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Maternal Outcomes and Neurodevelopmental Effects of Antiepileptics*, funded by a subcontract with Emory University
 - *A Multicenter, Double Blind, Randomized, Placebo-Controlled Trial to Determine the Efficacy and Safety of Ganaxolone as Adjunctive Therapy for Adults with Drug-Resistant Partial-Onset Seizures Followed By Long-Term Open-Label Treatment*, funded by Numoda Corp.
 - *Long-Term Eslicarbazepine Acetate Extension Study*, funded by Sepracor, Inc.

Aarti Sarwal, MBBS, Department of Neurology

- Received a National, Local, or Civic Award
 - *Best Doctors* award, Best Doctors in America
- Other Noteworthy Accomplishments
 - Presidential citation from Neurocritical Care Society
 - Workshop Director, *Ultrasound and Echo in the ICU*, workshop for Neurocritical Care Society annual meeting
 - Course Director, AIUM Point of Care and Critical Care Ultrasound Course
 - Course Co-Director, Medical School Ultrasound Curriculum, WFSM

Katherine Schafer, MD, Department of Internal Medicine, Section on Infectious Diseases

- Principal Investigator on Projects Funded in FY2015-2106
 - *The Syndemic of Stress and Aging in an HIV-Infected Population*, funded by the Department of Health & Human Services

Carol Shively, PhD, Department of Pathology, Section on Comparative Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Social Stress, Diet and Primate Monocyte Programming in Cardiovascular Risk*, funded by the National Institutes of Health
 - *Dietary Mitigation of Psychosocial Stress Effects on CVD Risk in Female Primates*, funded by the National Institutes of Health
- Other Noteworthy Accomplishments
 - Published a book: *Developments in Primatology: Social Inequalities in Health in Nonhuman Primates: the Biology of the Gradient*. Shively CA, Wilson ME, Editors. Spring, 2016
 - Director, Comparative Medicine Research Strategy Seminar Series
 - Chair, Women in Medicine and Science Standing Committee

Sally Shumaker, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Randomized Trial of Alpha-Linolenic Acid and Cocoa Extract for CVD Prevention*, funded by Brigham and Women's Hospital
 - *WHI 2015-2020 SE RC*, funded by Department of Health & Human Services
 - *WHI Life and Longevity After Cancer (LILAC) Study*, funded by subcontract with Kaiser Permanente Southern California

Kaycee Sink, MD, MAS, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *The Imaging Dementia - Evidence for Amyloid Scanning (IDEAS) Study: A Coverage with Evidence Development Longitudinal Cohort Study*, funded by American College of Radiology
 - *A Clinico-Pathological Study of the Correspondence Between 18F-AV-1451 PET Imaging and Post-Mortem Assessment of Tau Pathology*, funded by Avid Radiopharmaceuticals, Inc.
 - *Randomized, Double-Blind, Placebo Controlled, Multi-Center Registration Trial To Evaluate The Efficacy And Safety Of TTP488 In Patients With Mild Alzheimer's Disease Receiving Acetylcholinesterase Inhibitors And/Or Memantine*, funded by inVentiv Clinical, LLC
 -

Kaycee Sink, MD, MAS, Department of Internal Medicine, Section on Gerontology & Geriatric Medicine (cont.)

- *NAV4-02: A Phase 3 Clinical Trial to Evaluate the Efficacy and Safety of [18F]NAV4694 PET for Detection of Cerebral B-Amyloid When Compared With Postmortem Histopathology*, funded by Navidea Biopharmaceuticals, Inc.
- *A Phase 3 Multicenter, Randomized, Double-Blind, Placebo-Controlled, Parallel-Group Study to Evaluate the Efficacy and Safety of Aducanumab (BIIB037) in Subjects with Early Alzheimer's Disease*, funded by Quintiles, Inc.
- *Alzheimer's Disease Neuroimaging Initiative 2 (ADNI 2)*, funded by subcontract with the University of California- San Diego
- *Life Study: Lifestyle Interventions and Independence for Elders – Cognition*, funded by subcontract with University of Florida
- *A Phase 2 Multi-Center, Randomized, Double Blind, Placebo-Controlled, Parallel Group Study to Evaluate the Efficacy and Safety of T-817MA in Patients with Mild to Moderate Alzheimer's Disease (US202)*, funded by The Regents of the University of California
- *Alzheimer's Disease Neuroimaging Initiative 2*, funded by the University of Southern California
- Served on a National Panel or Task Force
 - AARP International Advisory Panel for Exercise and Brain Health

Stephanie Jean Sohl, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *A Behavioral Integrative Intervention for Reducing Cancer-related Fatigue*, funded by Department of Health & Human Services

Myriam Sollman, PhD, HSP-P, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2106
 - Startup residency program, funded by the American Psychological Association
- Other Noteworthy Accomplishments
 - Co-Developer, Psychology Residency program
 - Chair, Career Development Subcommittee, Women in Medicine and Science Standing Committee

Carmen Strickland, MD, MPH, Department of Family Medicine

- Elected or Appointed to a National Board
 - Chair, Board of Directors, Centering Healthcare Institute
- Elected to a Professional Society, Officer Position
 - Director, North Carolina Centering Pregnancy Consortium
- Held a Leadership Position in Community/Non-Professional Organizations
 - March of Dimes National Council, Financing Group Prenatal Care

Erin Sutfin, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *Effective Risk Communication on New and Emerging Tobacco Products*, funded by a subcontract with the University of North Carolina-Chapel Hill
 - *Tobacco Use During the Transition to Adulthood*, funded by Department of Health & Human Services

E. Ann Tallant, PhD, Department of Hypertension & Vascular Research Center

- Served on a National Panel or Taskforce:
 - Writing Group on Peer Review, American Heart Association
 - Abstract Grader, American Heart Association, Council for High Blood Pressure Research
- Principal Investigator on Projects Funded in FY2015-2016
 - *Excellence in Cardiovascular Sciences Summer Research*, funded by the Department of Health & Human Services
 - *Short-term Research Training for Minority Students*, funded by the National Heart, Lung and Blood Institute
 - *Nature's Pearl Muscadine Grape Extract*, funded by an anonymous donor
 - *SPARK*, funded by Wake Forest Innovations
 - *KG110744 NCE*, funded by Susan G. Komen

Shruti Tannan, MD, Department of Plastic and Reconstructive Surgery

- Other Noteworthy Accomplishments
 - Plastic Surgery Department Representative, Surgical Quality Performance Improvement Program, WFBMC

Jessica Tate, MD, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *ISPEN- GTS44212*, funded by Ispen Biopharmaceuticals Inc.

Sarah Taylor, MD, MPH, Department of Dermatology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Phase 2 Multicenter Study to Evaluate the Safety, Pharmacokinetics, and Preliminary Efficacy of Asimadoline in Adult Subjects with Pruritus Associated with Atopic Dermatitis*, funded by Rho, Inc.

Janet Tooze, PhD, Division of Public Health Sciences, Department of Biostatistical Sciences

- Principal Investigator on Projects Funded in FY2015-2016
 - *Untangling Sodium, Energy, and Blood Pressure in Whites and African Americans*, funded by subcontract with the University of Utah
 - *Evaluation Inflammation and Mediators of Cardiovascular Aging in Childhood Survivors*, funded by Hyundai Hope on Wheels

Bharathi Upadhy, MBBS, Department of Internal Medicine, Section on Cardiology:

- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Journal of the American Geriatrics Society
 - Reviewer, Echocardiography; A Journal of Cardiovascular Ultrasound and Allied Techniques
 - Reviewer, American Journal of Cardiology
 - Reviewer, Heart Failure Reviews
 - Reviewer, Journal of the American Society of Echocardiography
 - Section Editor, Current Hypertension Reports Hypertension and the Heart
- Principal Investigator on Projects Funded in FY2015-2016
 - *Reduce Lap- HF Radomized Trial 1*, funded by DC Devices, Inc.
 - *Rehabilitation and Exercise Training after Hospitalization: Assessing Benefit in Patients going for Transcatheter Aortic Valve Replacement for Severe Aortic Stenosis (REHAB: AS)*, funded by Wake Forest University OAIC Pepper Center Pilot Funds
 - *REDUCE LAP-HF RANDOMIZED TRIAL I: A Study to Evaluate the Corvia Medical, Inc. IASD? System II to REDUCE Elevated Left Atrial Pressure in Patients with Heart Failure*, funded by Harvard Clinical Research Institutes, Inc.
 - *REHAB-HF: A trial of Rehabilitation Therapy in Older Acute Heart Failure*, funded by the National Institute of Health
 - *SPRINT-HEART*, funded by the National Institute of Health
 - *Efficacy and Safety of LCZ696 Compared to Valsartan, on Morbidity and Mortality in Heart Failure Patients with Preserved Ejection Fraction (PARAGON-HF)*, funded by Novartis
 - *Cardiovascular Outcomes Assessment of the MitraClip Percutaneous Therapy for Heart Failure Patients with Functional Mitral Regurgitation*, funded by Abbott Vascular
 - *Percutaneous Ventricular Restoration in Chronic Heart Failure due to Ischemic Heart Disease*, funded by CardioKine
 - *Surgical Replacement and Transcatheter Aortic Valve Implantation*, funded by private donor
 - *Repositionable Percutaneous Replacement of Stenotic Aortic valve through Implantation of Lotus™ valve System-Randomized Clinical Evaluation*, funded by Boston Scientific
 - *Randomized, Double-Blind, Placebo-Controlled, Multicenter Study Of The Safety And Efficacy Of 3-Month Subcutaneous Regn1033 Treatment In Patients With Sarcopenia*, funded by private donor
- Received a National, Local, or Civic Award
 - *Master Teacher Award*, Department of Internal Medicine, 2015
 - *William R Hazzard Faculty Teaching Excellence Award*, In-Patient Clinical Teaching, Department of Internal Medicine, 2015
 - Wake Forest Nominee, *Arnold P Gold Foundation Humanism in Medicine Award*, 2016
 - *Best Teacher Award*
 - *Master Teacher Award*, Department of Internal Medicine, 2016
 - *Teaching Excellence in Noninvasive Cardiology*, Cardiovascular Fellowship, 2016

Vidula Vachharajani, MD, Department of Anesthesiology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Bioenergetic and Epigenetic Reprogramming by Obesity in Sepsis*, funded by the National Institute of Health

Rakhee Vaidya, MBBS, Department of Surgery

- Principal Investigator on Projects Funded in FY2015-2016
 - *Randomized Phase III Trial of Lenalidomide versus Observation Alone in Patients with Asymptomatic High-Risk Smoldering Multiple Myeloma*, funded by ECOG-ACRIN Cancer Research Group
 - *A Phase II Randomized Study Comparing Two Doses of Carfilzomib with Dexamethasone for Multiple Myeloma Patients with Relapsed or Refractory Disease*, funded by Southwest Oncology Group

Jasmina Varagic, MD, PhD, Department of Hypertension & Vascular Research Center

- Principal Investigator on Projects Funded in FY2015-2016
 - *Vaso-Hormonal Mechanisms in Hypertension; Core B-Physiology and Animal Resources Core*, funded by the National Heart, Lung & Blood Institute
 - *Establishment Of Doxorubicin-Induced Cardiotoxicity Model In Mice And Evaluation Of Potential Treatments In Preventing Or Ameliorating Doxorubicin-Induced Cardiac Damage*, funded by Stem Cell Theranostics
 - *1st Phase: Establishment of Doxorubicin-Induced Cardiomyopathy*, funded by Stem Cell Theranostic
 - *2nd Phase: Evaluation of Potential Treatments in Preventing or Ameliorating Doxorubicin-Induced Cardiac Damage*, funded by Stem Cell Theranostic
- Served on a National Panel or Task Force:
 - Grant Reviewer, Cardiac Renal Study Section, American Heart Association
 - Grant Reviewer, Cardiac Biology Study Section, American Heart Association
 - Abstract Grader, Scientific Session 2016, American Heart Association
- Elected to a Professional Society Officer Position
 - Executive Committee, Inter-American Society of Hypertension
 - Director, Preclinical Ultrasound and Photocoustic Imaging Core, Wake Forest School of Medicine
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Therapeutic Advances in Cardiovascular Disease, Cardiorenal Medicine
 - Journal of Hypertension
 - Cardiorenal Medicine
 - Current Hypertension Review

Mara Vitolins, DrPH, Division of Public Health Sciences, Department of Epidemiology & Prevention

- Principal Investigator on Projects Funded in FY2015-2016
 - *Enhancing ARIC Infrastructure to Yield a New Cancer Epidemiology Cohort*, funded by a subcontract with Johns Hopkins University

Lynne Wagenknecht, DrPH, Division of Public Health Sciences; Associate Dean for Interdisciplinary Research

- Principal Investigator on Projects Funded in FY2015-2016
 - *Atherosclerosis Risk in Communities (ARIC) Study- Field Centers*, funded by a subcontract with The University of North Carolina-Chapel Hill
 - *The Race-Specific Prevalence of Atrial Fibrillation Measured by 48-Hour Holter*, funded by a subcontract with University of North Carolina-Chapel Hill
 - *Atherosclerosis Risk in Communities (ARIC) Study- Field Centers*, funded by the National Institutes of Health
 - *Atherosclerosis Risk in Communities Neurocognitive Study (ARIC-NCS) Renewal 4 of 5*, funded by the National Institutes of Health
 - *SEARCH for Diabetes in Youth: Population-Based Registry*, funded by the National Center for Chronic Disease Prevention & Health Prom/CDC/DHHS
 - *Action for Health in Diabetes Extension Study Biostatistics Research Center*, funded by the National Institutes of Health
 - *Diabetes and Prediabetes in Older Adults*, funded by subcontract with Johns Hopkins University
 - *Prospective Research on Parkinson's Prodromal Symptoms in the Atherosclerosis Risk In Communities Study (ARIC)*, funded by subcontract with Social & Scientific Systems, Inc.
 - *Significance of Atrial Fibrillation and Atrial Fibrillation Burden Detected by Novel Heart Rhythm Monitoring in Community-Dwelling Elderly*, funded by subcontract with University of Minnesota
 - *The Associations of Mid- and Late-Life Physical Activity on Falls in a Large Prospective Study of Older Adults*, funded by subcontract with the University of Texas-Houston
- Served as a Study Section Chair
 - Kidney Nutrition Obesity Diabetes (NIH KNOD) Study Section, National Institutes of Health

Lynne Wagner, PhD, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *ECOG-ACRIN NCORP Research Base*, funded by subcontract with ECOG-ACRIN Cancer Research Group
 - *ECOG-ACRIN NCORP Research Base - WFU2*, funded by subcontract with ECOG-ACRIN Cancer Research Group
 - *Hippocampal Predictors of Cognitive Impairment (HippoPCI) in Breast Cancer Patients*, funded by subcontract with Northwestern University

Lisa Washburn, MD, Department of Pediatrics, Section on Neonatology

- Elected or Appointed to a National Board
 - Organizing Committee Member, Inaugural American Developmental Origins of Health and Disease Society Meeting, American Developmental Origins of Health and Disease Society
- Elected or Appointed to a Peer-Reviewed Journal Editorial Board
 - Journal of Pediatrics
- Received a National, Local, or Civic Award
 - *Best Doctors Award*, Best Doctors in America

Ashley Weaver, PhD, Department of Biomedical Engineering

- Principal Investigator on Projects Funded in FY2015-2016
 - *REU Site: Imaging and Mechanics-based Projects on Accidental Cases of Trauma (IMPACT)*, funded by the National Science Institute
 - *Advanced Automatic Crash Notification for Children*, funded by the Center for Child Injury Prevention Studies
 - *STL Models of Thoracic Anatomy Created From Supine and Seated Upright Retrospective Scans*, funded by Medtronic
 - *Retrospective mining and analysis of medical record data and imaging: NYHA class II, III, IV heart failure patients*, funded by Medtronic
 - *Differences in Injury Outcomes in Children vs. Adults*, funded by subcontract with Children's Hospital of Philadelphia

Kathryn Weaver, PhD, MPH, Division of Public Health Sciences, Department of Social Sciences & Health Policy

- Principal Investigator on Projects Funded in FY2015-2016
 - *The National Coalition Network for Tobacco and Cancer-Free Living*, funded by subcontract with Community Anti-Drug Coalitions of America

Rebecca Wells, MD, MPH, Department of Neurology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Mindfulness and Mechanisms of Pain Processing in Adults with Migraines*, funded by the National Institutes of Health
- Elected to a Professional Society Officer Position
 - Treasurer, Southern Headache Society
 - Fellow of the American Headache Society (FAHS)
 - Peer-Selected Member, Best Doctors of America
- Other Noteworthy Accomplishments
 - Chair, Subcommittee on Work-Life Balance, Women in Medicine and Science Standing Committee

Aimee Wilkin, MD, MPH, Department of Internal Medicine, Section on Infectious Diseases

- Principal Investigator on Projects Funded in FY2015-2016
 - *Ryan White Part B – Region III Network of Care*, funded by the Health Resource and Services Administration
 - *Ryan White Part C – HIV Primary Care Early Intervention Services Grant*, funded by the Health Resource and Services Administration
 - *Ryan White Part D – Coordinated HIV Services and Access to Research for Women, Children, and Youth*, funded by the Health Resource and Services Administration
 - *Dental Reimbursement Program*, funded by the Health Resource and Services Administration
 - *CAPUS: Care and Prevention Demonstrative Project*, funded by the North Carolina Department of Health and Human Services
 - *Special Projects of National Significance: NC Link*, funded by the North Carolina Department of Health and Human Services
 - *Strategic Timing of AntiRetroviral Therapy (The START Study). INSIGHT Network Associate Site*, funded by the National Institutes of Health
 - *A5332: Randomized Trial to Prevent Vascular Events in HIV-REPRIEVE*, funded by the National Institutes of Health

Aimee Wilkin, MD, MPH, Department of Internal Medicine, Section on Infectious Diseases (cont.)

- *An International, Multicenter, Prospective, Observational, Study of the Safety of Maraviroc Used with Optimized Background Therapy in Treatment-Experienced HIV-1 Infected Patients*, funded by Pfizer
- *A Phase 3, Randomized, Active-Controlled, Double-Blind Study to Evaluate the Efficacy and Safety of Darunavir/Cobicistat/Emtricitabine/Tenofovir Alafenamide (D/C/F/TAF) Once Daily Fixed Dose Combination Regimen Versus a Regimen Consisting of Darunavir/Cobicistat Fixed Dose Combination Coadministered with Emtricitabine/Tenofovir Disoproxil Fumarate Fixed Dose Combination in Antiretroviral Treatment-Naïve Human Immunodeficiency Virus Type 1 Infected Subjects*, funded by Janssen
- *A Phase 3, Randomized, Active-Controlled, Double-Blind Study to Evaluate Efficacy and Safety of Darunavir/Cobicistat/Emtricitabine/Tenofovir Alafenamide (D/C/F/TAF) Once-Daily Single-Tablet Regimen Versus Continuing the Current Regimen Consisting of a Boosted Protease Inhibitor (bPI) Combined with Emtricitabine/Tenofovir Disoproxil Fumarate (FTC/TDF) in Virologically-Suppressed, Human Immunodeficiency Virus Type 1 (HIV-1) Infected Subjects*, funded by Janssen
- *A Phase 3, Randomized, Double-Blind Study to Evaluate the Safety and Efficacy of GS-9883/Emtricitabine/Tenofovir Alafenamide Versus Dolutegravir + Emtricitabine/Tenofovir Alafenamide in HIV 1 Infected, Antiretroviral Treatment-Naïve Adults*, funded by Gilead
- *A Phase 3, Randomized, Double-Blind Study to Evaluate the Safety and Efficacy of GS-9883/Emtricitabine/Tenofovir Alafenamide Versus Abacavir/Dolutegravir/Lamivudine in HIV-1 Infected, Antiretroviral Treatment-Naïve Adults*, funded by Gilead
- *A Phase 3b Open-Label Study to Evaluate the Safety, Tolerability, Pharmacokinetics and Efficacy of E/C/F/TAF Fixed Dose Combination (FDC) in HIV-1 Infected Subjects on Chronic Hemodialysis*, funded by Gilead
- *A Phase 3, Two-Part Study to Evaluate the Efficacy of Tenofovir Alafenamide versus Placebo Added to a Failing Regimen Followed by Treatment with Elvitegravir/Cobicistat/Emtricitabine/Tenofovir Alafenamide Plus Atazanavir in HIV-1 Positive, Antiretroviral Treatment-Experienced Adults*, funded by Gilead
- *A Phase 3 Open-Label Study to Evaluate Switching from Optimized Stable Antiretroviral Regimens Containing Darunavir to Elvitegravir/Cobicistat/Emtricitabine/Tenofovir Alafenamide (E/C/F/TAF) Single Tablet Regimen (STR) plus Darunavir (DRV) in Treatment Experienced HIV-1 Positive Adult*, funded by Gilead
- *A Randomized, Double-blind Phase 3B Study to Evaluate the Safety and Efficacy of Elvitegravir/Cobicistat/Emtricitabine/Tenofovir Disoproxil Fumarate Versus Ritonavir-Boosted Atazanavir Plus Emtricitabine/Tenofovir Disoproxil Fumarate in HIV-1 Infected, Antiretroviral Treatment-Naïve Women*, funded by Gilead

Karen Marie Winkfield, MD, PhD, Department of Radiation Oncology

- Elected to a Professional Society Officer Position
 - Chair-Elect, American Society of Clinical Oncology, Health Disparities Committee
 - Chair, American Society for Radiation Oncology, Committee on Health Equity Diversity & Inclusion
- Received a National, Local or Civic Award
 - *The Sojourner Truth National Meritorious Award*, National Association of Negro Business and Professional Women's Club, Inc.
 - *Women Leading the Way to Wellness Award*, American Cancer Society

Stacey Quintero Wolfe, MD, FAANS, Department of Neurosurgery and Interventional Radiology

- Principal Investigator on Projects Funded in FY2015-2016
 - *Phase III, Randomized, Open-Label, 500 Subject clinical Trial of Minimally Invasive Surgery Plus rt-PA in the Treatment of Intracerebral Hemorrhage*, funded by the National Institute of Neurological Disorders and Stroke
 - *Randomized, Controlled Multicenter Clinical Trial Evaluating Efficacy of Intra-Arterial Medications for Vasospasm*, funded by the National Vasospasm Trial
 - *Framing Eighteen Coils in Cerebral Aneurysm Trial (FEAT)*, funded by Vanderbilt University Medical Center
 - *Resident Education Grant - Microneurosurgical and Endoscopic Approaches to the Skull Base 12/11-13/2014*, funded by Stryker Corporation
- Elected or Appointed to a National Board
 - Chair, American Board of Neurological Surgery/CNS Joint Section on Women in Neurosurgery
 - Scholar and Guest Board Examiner, American Board of Neurological Surgery
 - Ex-Officio, American Association of Neurological Surgeons' Board of Directors
- Served on a National Panel or Task Force
 - American Heart Association Mission: Lifeline Stroke Task Force
 - Medical Student Curriculum Committee, Society of Neurological Surgeons

Liliya Yamaleyeva, MD, MS, Department of Hypertension & Vascular Research Center

- Principal Investigator on Projects Funded in FY2015-2016
 - *Longitudinal Assessments of Placental Oxygenating and Perfusion Using Ultrasound and Photoacoustics*, funded by the National Institute of Child Health and Human Development
 - *Novel Therapeutics for Preeclampsia*, funded by the Wake Forest School of Medicine and HVRC
 - *The Role Of ACE2 In Pregnancy*, funded by the American Heart Association
- Served on a National Panel or Task Force
 - Abstract Grader, Society for Reproductive Investigation 2015 Annual Meeting
 - Grant Reviewer, The Pregnancy and Neonatology Study Section [PN], National Institute of Health
 - Abstract Reviewer, Scientific Sessions 2016, American Heart Association
- Elected or Appointed to a National Board
 - Member, Early Career Committee, Kidney in Cardiovascular Disease Council, American Heart Association
 - Member, Advocacy Committee, Cardiovascular Section, American Physiological Society
- Received a National, Local, or Civic Award
 - *Ric Roger Wroclawski Award 2015*, 1st place in Basic Sciences and Experimental Medicine Category, for Manuscript *Superoxide Overproduction and Kidney Fibrosis- a New Animal Model*
- Other Noteworthy Accomplishments
 - Judge, Trainee Poster Competition, High Blood Pressure Research Scientific Sessions, American Heart Association
 - Member, Institutional Review Board, Wake Forest School of Medicine

Zhu-Ming Zhang, MD, MPH, Division of Public Health Sciences, Department of Epidemiology & Prevention

- Principal Investigator on Projects Funded in FY2015-2016
 - *Diabetes Prevention Program (DPP) Outcomes Study*, funded by a subcontract with the George Washington University

Xuewei Zhu, PhD, Department of Internal Medicine, Section of Molecular Medicine

- Principal Investigator on Projects Funded in FY2015-2016
 - *Dietary PUFAs, NLRP3 Inflammasome and Atherosclerosis*, funded by the American Heart Association
 - *The Role of SLC37A2, a Glucose 6 Phosphate Transporter, in Inflammation and Metabolic Disease*, funded by National Institute of Health
- Elected to a Professional Society Officer Position
 - Grant Reviewer, Research on Ageing Diseases, Italian Caripio Foundation

Total for funded projects is: \$49,788,046
