Poster Display

Presenters will need to set up their posters by 8 am on April 6. They will be required to stand by their work and present their research during conference morning break and lunch.

You will be provided with an easel and a 3x5' foam board for mounting your poster. In addition, thumbtacks, double-sided tape, binder clips will be provided to keep your poster in place.

We prefer that posters are not oversized, because there will not be adequate space to accommodate them.

General Poster Tips

1. Tips from Creative Communications
<http://www.wakehealth.edu/Creative/Posters/Large-Format-Posters.htm>
2. Font should be large enough to read from 6 feet away.
3. Use the same font throughout the poster.
4. The title should be large enough to read from 20 feet away.
5. Try to organize materials in columns or in a clockwise direction.
6. Use only graphics that are necessary.
