

## Call for Submissions

### Mission

The *Wake Forest Journal of Science & Medicine* will provide an open-access, peer-reviewed platform for the publication of solid clinical and bench science as well as case reports, perspectives, and reviews. Our vision is to become an indexed journal that showcases high-quality research from our institution and others.

**The *Wake Forest Journal of Science & Medicine* actively encourages the submission of content relevant to the community even if it does not fit one of the categories listed in the author guidelines.**

### Submission Guidelines

See additional information on submission guidelines at [WakeHealth.edu/WFJSM](http://WakeHealth.edu/WFJSM).

### Original Research

Articles should describe an account of hypothesis-based research in science and or medicine. Length should not exceed 5,000 words. Include an abstract of 200 words or less. Body text should contain 4 sections: Introduction, Methods and Materials, Results, and Discussion.

### Case Reports

Articles are descriptive reports of one patient or family. Length of case reports should not exceed 4,000 words, 3 tables and figures. Case reports submitted by students must receive prior approval from a faculty member.

### Challenge Cases

Challenge cases are case vignettes with a multiple choice question at the end related to the case. Authors wishing to submit an unsolicited challenge case should send the topic and title of the planned case to [wfjasm@wakehealth.edu](mailto:wfjasm@wakehealth.edu) for pre-submission approval.

### Clinical Reviews

Articles are critical reviews of topics related to science and medicine. Length should not exceed 10,000 words, 10 figures or tables. No more than 150 references should be cited in the review. Include an abstract of 200 words or less.

Send all submissions to:  
[WFJSM@wakehealth.edu](mailto:WFJSM@wakehealth.edu)
