HUMAN STRUCTURE & DEVELOPMENT

REQUIRED TEXT

*Clinically Oriented Anatomy*, 7th Edition - Moore et al. - Lippincott, Williams, and Wilkins - **QS 4 M822c 2014**

*Junqueira's Basic Histology* – Mescher – Lange* - **QS 504 J95h 2013**

*Do not purchase* - it is an e-text through Carpenter Library-Access Medicine-if the student would like a hard copy text they may use the Ross text that is recommended.

And **one** of the following atlases:

*Grant's Atlas of Anatomy* - Agur and Dalley - Lippincott, Williams, and Wilkins - **QS 17 G767a 2013**

*Atlas of Anatomy* - Gilroy et al. – Thieme - **QS 17 A879.4 2012**

McMinn’s Clinical Atlas of Human Anatomy - Abrahams et al. – Mosby
QS 17 M167c 2008

RECOMMENDED TEXT & WEB-BASED RESOURCES

Schoenwolf - Larsen’s Human Embryology (Churchill Livingstone)-QS 604 L334h 2009

Bo et al. - Basic Atlas of Sectional Anatomy with Correlated Imaging (Saunders) - This is available online on eWake - QS 17 B662b 2007

Ross - Histology: A Text and Atlas (Lippincott, Williams, and Wilkins) - This is a good alternative to the e-text by Mescher - QS 504 R825h 2011

Web-based resources:

- Clinical Human Embryology
  https://www.biodigitalhuman.com/home/
- http://www.zygotebody.com/
- http://www.embryology.ch/indexen.html
- http://histology.med.umich.edu/schedule/medical
- http://meded.ucsd.edu/hist-img-bank/
CELLULAR & SUBCELLULAR PROCESSES

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

*Lippincott's Illustrated Reviews : Biochemistry* - Richard A. Harvey, Denise R. Ferrier. - QU 18 C451b 2011

*Rapid Review Biochemistry 3rd Ed.* - John W. Pelley; MD, Edward F. Goljan
https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090497459

*Medical Biochemistry 4th Ed.* - Baynes, John W, PhD
https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20110076986

*Textbook of Biochemistry with Clinical Correlations, 7th edition* - Devlin (Wiley Liss)- QU 4 T355 2011
NERVOUS SYSTEM/NEUROSCIENCES

REQUIRED TEXT

*Neuroanatomy Through Clinical Cases*, 2nd Edition - Blumenfeld - Sinauer

WL 141 B658n 2010

RECOMMENDED TEXT & WEB-BASED RESOURCES

*Neuroscience, 2nd Ed.* Dale Purves et al Sinaur

ATLASES:

Any brain Atlas will do, and you should have one or have access to one.
NEUROSCIENCES- PHARMACOLOGY:

*Basic and Clinical Pharmacology*, Bernard Katzung et al, 12e 2012, McGaw Hill

Psychiatry:

CLINICAL SKILLS FOUNDATIONS

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

*The Medical Interview: A Three Function Approach, 3rd Ed.* by Cole and Bird
[https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090431829](https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090431829)

*The Patient History: An Evidence-Based Approach to Differential Diagnosis* (available to students online through AccessMedicine):

*Bates’ Visual Guide to Physical Examination* (available to students online through the Carpenter Library Website):

*DeGowin's Diagnostic Examination, 9e* by Richard F. LeBlond, Donald D. Brown, Richard L. DeGowin
POPULATION HEALTH & EPIDEMIOLOGY

REQUIRED TEXT

Greenberg RS et al. Medical Epidemiology, 4e-

Gordis L. Epidemiology, 5e.

https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090629858

Note: Of the two textbooks, Greenberg is the more elementary and good for a quick overview of a topic. Gordis explores topics more in-depth, and will be needed for some concepts taught in this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

No recommended or web-based resources for this course.
## Years 1 & 2

### Ultrasound Integrated Curriculum

#### Required Text

[https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20120027123](https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20120027123)

#### Recommended Text & Web-Based Resources

- [SUSME.org](https://www.susme.org) (Society for Ultrasound in Medical Education)
- [Sonoguide](https://www.sonoguide.org) (American College of Emergency Medicine)
- [Sonoworld](https://www.sonoworld.com)
- [Zygote Body](https://zygotebody.com) (formerly Google Body)
- Applications: [Essential Anatomy](https://www.essentialanatomy.com)
  - (recommended, not required. iOS, OSX, Windows, Android)

### Medicine and Patients in Society (MAPS)

#### Required Text

PHARMACOLOGY

REQUIRED TEXT:

RECOMMENDED TEXT:

*Goodman and Gillman’s The Pharmacological Basis of Therapeutics*, Laurence Brunton et al 12e, 2011 McGraw Hill (This is the ultimate source book in for pharmacology, a great place to look when you can’t find it anywhere else, but very detailed)- http://accessmedicine.mhmedical.com/book.aspx?bookid=374

Helpful for Psychiatry:

WEB-BASED RESOURCES

No recommended web-based resources for this course.
COMMUNITY PRACTICE EXPERIENCE

REQUIRED TEXT

No text required for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

Differential Diagnosis in Primary Care, 5th Edition, by R. Douglas Collins

WB 141.5 C712d 2012

YEAR 2

MUSCULOSKELETAL

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

While there is no required ‘text’ for the course, learners can as needed supplement the content provided during lectures/CCL with materials available online thru the Carpenter Library website, including eTextbooks (Internal Medicine; Rheumatology), UpToDate, and articles accessed thru PubMed or similar search engines. The following are also highly recommended:

- Pathoma (www.pathoma.com) sections 2.4 (Autoimmune Disorders), 7.1 (Vasculitis), 10.2 (Salivary Gland), 18 (Musculoskeletal Pathology)
- Musculoskeletal examination videos by Dr George Lawry, accessible at: http://accessmedicine.com/resourceTOC.aspx?resourceID=700

DERMATOLOGY

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

Lookingbill and Marks’ Principles of Dermatology

https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20100660068
CARDIOVASCULAR

REQUIRED TEXT

Pathophysiology of Heart Disease: A Collaborative Project of Medical Students and Faculty (Pathophysiology of Heart Failure); Fifth, American Edition; Leonard S. Lilly, M.D. **WG 200 P297.3 2011**

*Pathoma: Fundamentals of Pathology*; 2013 edition; Husain A. Sattar, M.D.

RECOMMENDED TEXT & WEB-BASED RESOURCES

12-Lead EKG: The Art of Interpretation; Tomas Garcia, MD - **WG 140 G216t 2015**

Rapid Interpretation of EKGs; Dale Dubin, MD

WG 140 D814r 2000

*Web-based resources:*

First Aid for USMLE-CS Family Medicine

Textbook of Family Medicine by Rakel  
[https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090503091](https://www.clinicalkey.com/#!/browse/book/3-s2.0-C20090503091)

American Academy of Family Physicians, Fifteen Things Physicians and Patients Should Question - Released April 4, 2012 (1-5), February 21, 2013 (6-10) and September 24, 2013 (11-15)  

This important list of recommendations would be good for you to think about when seeing patients and even to ask "why" of your preceptors in an inquisitive, non-threatening way if you see a provider doing something other than what is recommended for these 15 issues.

Current Diagnosis and Treatment in Family Medicine, 3rd Edition,  
**WB 110 C976 2011**  
NEUROLOGY/REHABILITATION

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

*Introduction to Clinical Neurology* – Douglas Gelb, 2010 - **WL 140 G314i 2011**

Mayo Clinic examinations in neurology / members of the Mayo Clinic Department of Neurology, Mayo Clinic and Mayo Foundation, Rochester, Minnesota. **WL 141 M296c 1998**

*Continuum, Lifelong learning in Neurology*. Access through the AAN website and available to all medical students free of charge.

**BASIC CLINICAL PROCEDURES**

**RECOMMENDED TEXT & WEB-BASED RESOURCES**

Web-based resources: [www.proceduresconsult.com/wakeforest](http://www.proceduresconsult.com/wakeforest)

**OB/GYN – WOMEN’S HEALTH**

**REQUIRED TEXT**

The only reading requirement is Chapter 22 of Williams’ Obstetrics on Normal Labor: (before the first Labor and Delivery shift)

**RECOMMENDED TEXT & WEB-BASED RESOURCES**

Obstetrics and Gynecology by Beckman, 5th Edition

APGO uWise on line self-study guide:

https://www.apgo.org/student/uwise2.html

**FROM CANVAS SITE:**

Extensive resources are available on the Clerkship CANVAS site (readings, videos, PowerPoints).
PEDIATRICS

REQUIRED TEXT

No required text for this course.

REQUIRED WEB-BASED RESOURCES

   - Pediatric Head-to-Toe Examination – Child. Required viewing prior to starting Inpatient or Ambulatory rotations
   - Pediatric Head-to-Toe Examination – Infant. Required prior to starting Newborn Nursery rotation.

RECOMMENDED TEXTS

Multiple review texts such as BluePrints and Case Files may be helpful in studying for department and NBME examinations, but are not required.

PSYCHIATRY

RECOMMENDED TEXT & WEB-BASED RESOURCES

Psychiatry: Behavioral Science and Clinical Essentials - Kay & Tasman (Editors) - W.B. Saunders Co. (Publisher) Copyright 2000 WM 100 P973.85 2000
RADIOLOGY

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

*Basic Radiology* - Chen, Pope, & Ott **WN 180 B311 2011**

Radiology maintains its own website for the longitudinal 3rd year course with extensive resources available throughout.

SURGERY

REQUIRED TEXT

No required text for this course.

RECOMMENDED TEXT & WEB-BASED RESOURCES

- Essentials of general surgery / [edited by] Peter F. Lawrence - **WO 100 E78.5 2013**
- Kaplan Surgery Notes
- NMS Surgery CaseBook
- Pestana Surgery Review Notes
- Surgery PreTest
- Surgical Recall (Lorne H. Blackbourne)
- USMLE World QBank
- Wise-MD online modules
- OnlineMedEd videos

Subspecialties may recommend additional texts.
EMERGENCY MEDICINE

REQUIRED TEXT

Introduction to Clinical Emergency Medicine *WB 105 I61 2012* [2nd ed]

1st Edition available online at:

Only EKG Book You'll Ever Need *WG 140 T365o 2012* [7th ed] 6th Edition available online at:

RECOMMENDED TEXT & WEB-BASED RESOURCES

HTTP://EMBASIC.ORG

Smiles for Life campaign’s Acute Dental Problems case module

BEHAVIORAL HEALTH

REQUIRED TEXT

Kaplan and Sadock’s Comprehensive Textbook of Psychiatry is available as an Electronic Textbook via the Medical library at

RECOMMENDED TEXT & WEB-BASED RESOURCES

http://www.ncmedboard.org/position_statements has all of the position statements mentioned during the Ethical and Legal Issues presentation. Particularly relevant statements include: physician-patient relationship, professional use of social media, professional obligations pertaining to incompetent, impaired, and unethical conduct of licensees.

### 4ICU01 - MEDICAL INTENSIVE CARE

**RECOMMENDED TEXT & WEB-BASED RESOURCES**

CDIM Sub-Internship Primer  

Harrison's Principles of Internal Medicine, 18th Edition; Dan Longo, Anthony Fauci, Dennis Kasper, Stephen Hauser, J. Jameson, Joseph Loscalzo  

### 4ICU07 - NEONATAL ICU

**RECOMMENDED TEXT & WEB-BASED RESOURCES**

- Pediatrics in Review
- Neoreviews

### 4ICU04-05 - NEURO & CT ICU

**RECOMMENDED TEXT & WEB-BASED RESOURCES**

Study Guide: The student will be given a Critical Care Study Guide at the beginning of their rotation. They are encouraged to work on the study guide during the course of their rotation. Prior to the end of the rotation, they should review the study guide with any member of the Critical Care faculty.

Web-based resources: The student will be granted access to the Anesthesiology Departments internal iShare site where there are Critical Care relevant articles which will help in the student’s development.

Suggested Text: ICU Handbook (Paul L. Marino MD PhD FCCM)
### 4AIM351 – NEUROSURGERY

#### RECOMMENDED TEXT & WEB-BASED RESOURCES

Current journals and textbooks are available in the Neurosurgery resident lounge and online free of charge.

### 4AIM352 - ORTHOPAEDIC SURGERY

#### RECOMMENDED TEXT & WEB-BASED RESOURCES

*The Journal of the American Academy of Orthopaedic Surgeons* (JAAOS) aka “The Yellow Journal” – JAAOS can be searched on pubmed.gov and often has excellent, junior-level review articles on common orthopaedic conditions and topics.

*Surgical Exposures in Orthopaedics: The Anatomic Approach* by Hoppenfeld, et al. Hoppenfeld’s is standard reading for learning surgical approaches, intervenous planes, neurovascular structures, encountered during surgery, and general surgical principles.

*Atlas of Human Anatomy* by Netter. For further understanding of anatomic relationships.

*Clinically Oriented Anatomy* by Moore and Dalley.

*Orthobullets.com* – (www.orthobullets.com) Similar to Wheeless’s Online, this is an internet-based review with good summaries of the most pertinent information on orthopaedic conditions.

*Physical Examination of the Spine and Extremities* by Hoppenfeld - Good to read before starting your orthopaedic rotation.
4AIM250 - PEDIATRIC HEMATOLOGY/ONCOLOGY

RECOMMENDED TEXT & WEB-BASED RESOURCES

Atlases:

1. Pediatric heme/onc algorithms (provided)
2. Pediatric heme/onc supportive care guidelines (provided)
3. Pediatric heme/onc recommend/supplemental readings (provided)

4ICU06 - PEDIATRIC ICU

RECOMMENDED TEXT & WEB-BASED RESOURCES

Electronic copies of assigned reading as well as selected PowerPoint presentations covering important topics relevant to Pediatric Critical Care are on the “Apple” Computer located in the PICU. The sign-on name and password are posted on the computer, and students are expected and encouraged to utilize this resource as time allows during the rotation.
4AIM500 - STROKE AI
