Wake Forest School of Medicine
Student Insurance

HEALTH INSURANCE
Wake Forest University requires that all students have adequate and applicable hospitalization insurance. Any charges generated that are not covered by the student’s insurance policy will be the personal responsibility of the student. Students who are eligible to continue under their parents’ or spouse’s coverage may do so. As an alternative, Wake Forest School of Medicine plans to offer a student plan. Those who need this coverage may complete an application during Orientation and have coverage retroactive to June 1, 2015. This will be billed to the student by semesters on the student’s account. More details will be available during Orientation.

DENTAL INSURANCE
Wake Forest School of Medicine plans to offer student Dental insurance to all students. It is an optional plan for any student that would like the extra security of dental insurance. Those who need this coverage may complete an application and submit payment directly to the insurance company, and have coverage effective August 1, 2015. This will be billed to the student by semesters on their student account. More details will be available during Orientation.

VISION INSURANCE
Vision insurance is offered to all students. The insurance plan is with United Healthcare. It is an optional plan for any student that would like the extra security of vision insurance. Those who need this coverage may complete an application with and submit payment to United Healthcare. Coverage may begin August 1, 2015. This coverage is renewable each year. The enrollment form and payment must be completed with United Healthcare. Additional information will be available during Orientation.
