Main number for questions is **336-716-LABS** for Laboratory Customer Service. Patients with requisitions may proceed directly to any of these clinics to have blood specimens drawn. Referred pediatric patients requiring blood collection should be directed to the Pediatric Outpatient or CompRehab locations. Outside accounts who may utilize a prescription pad for a lab requisition may direct patients to any of the outpatient collection stations. Patients must have lab orders, either paper or electronic, for all tests ordered to give to the phlebotomy technician prior to having blood drawn.

## WakeHealthLink

WakeHealthLink is a Web-based portal designed to improve communication and enhance patient care. This free tool provides secure access to your patients' care at Wake Forest Baptist Health, real-time results and progress reports. Use it to view and print clinical data and to communicate with us. Benefits include:

- ▶ Improved continuity of care through convenient, secure, real-time access from office or home to your patients' tests and medical records.
- ▶ Ability to view and print patients' status or receive timely alerts about their care, consults, test results and procedures.
- ▶ Quick and easy referrals. Our staff will contact your patients and notify you through the WakeHealthLink portal when scheduling is complete.

To sign up to use the portal, contact a physician liaison or visit [WakeHealth.edu/Link](http://WakeHealth.edu/Link).

WakeHealthLink Support: **855-235-5465** \ [wakehealthlink@wakehealth.edu](mailto:wakehealthlink@wakehealth.edu)

## Physician Referral Mobile App

Visit [WakeHealth.edu/refer-app](http://WakeHealth.edu/refer-app) from your iPhone or Android device to link to our new mobile app for referring physicians. The app allows you to search for physicians, clinic locations and clinical trials, and to quickly contact a provider's office or one of the physician liaisons.
