

Coalition-Building Resources

Community Anti-Drug Coalitions of America

<http://www.cadca.org/category/coalition-resourcestools/coalition-building>

As a vehicle for coalition training, technical assistance, evaluation, research and capacity building, CADCA's National Coalition Institute works to help strengthen the capacity of America's community anti-drug coalitions to create and maintain safe, healthy and drug-free communities.

Centers for Disease Control and Prevention

http://www.cdc.gov/tobacco/stateandcommunity/bp_user_guide/index.htm

CDC's Best Practices User Guide: *Coalitions—State and Community Interventions* focuses on the critical role coalitions play in comprehensive tobacco control program. This guide provides tobacco control program managers with information on the best practices of utilizing coalitions as a part of a comprehensive program that can lead to important policy changes.

The Ohio State University Extension

<http://ohioline.osu.edu/bc-fact/>

A series of fact sheets on building coalitions developed by The Ohio Center for Action on Coalitions that covers topics such as facilitation, goal setting, communication, structure, evaluation, working with diverse cultures and networking.

Texas Department of Health Coalition Task Force

<http://www.texascancertoolkit.org/pdfs/coalitionbuilding.pdf>

Coalition Building: A healthy Community is Everyone's Business is a manual that articulates an understanding of coalitions and what makes them work. It is a how-to guide for coalition building, maintenance and evaluation based on a conceptualization of stages of development of a generic coalition.

Texas Department of State Health Services

uttobacco.org/toolkit.html

The Texas Department of State Health Services Community Tobacco Prevention and Control Toolkit is a resource to help communities take action to implement comprehensive community-based tobacco prevention and control activities. The Toolkit includes 6 modules, including a module on capacity building that covers coalitions as the operational structure for change.

Tobacco Technical Assistance Consortium

http://learningcenter.ttac.org/learning/comp01/01_comp.asp#

This resource provides a road map for creating a community-based tobacco prevention coalition. It is organized around the forming, storming, norming, performing, reforming model, which emphasizes the importance of continual growth and reassessment in coalition dynamics.
